to me 

Mr. Thompson,

The Town clerk has forwarded your request to me.

We do not recognize your name as a resident of the Town of **Goshen**. Nonetheless, we are curious as to your or your organization's purpose, since the information requested is of a personal nature. And given current conditions concerning identity and information theft, the town has a policy of not releasing the name of individual employees. We therefore propose to provide the job title, in lieu of the individual name, along with the other requested information.

We have estimated that your request will take approximately one and one half (1 1/2) hours to complete. The expected charge will be \$24 plus any out of pocket expenses. Please forward your payment to my attention at the below address.

On receipt of payment we will complete the request subject to the above conditions.

Allan L. Kidston
