

Russ,

I can't wait to tell you about the phone call I received.

I just got off the phone with a few very generous supporters who -- after our big win in Iowa last night -- have pledged huge support for my campaign.

For the next 48 hours, these most generous supporters have agreed to match all online donations to my campaign made through the links below.

Because you have been one of my most loyal supporters -- I'm reaching out to you first.

48 HOUR DOUBLE MATCH: [click here to chip in >>](#)

You see: these generous supporters know how hard the next few days will be and how important it is to continue the momentum we received from Iowa.

Here is what they know:

- 1) **I will never get -- nor do I want -- money from the D.C. lobbyists** or the special interest billionaires; and
- 2) **After winning Iowa -- the Washington Cartel is most certainly more determined than ever to defeat me.** Their attacks are only going to increase in the weeks to come.

That is why these supporters have made me a special offer, but it is up to you to help me take advantage.

How it works: for the next 48 hours -- generous donors have offered to match ALL online donations made through the links below in this email.

Russ, this is the biggest boost you can give my campaign when we need it most!

Let me explain how special this is: **your contribution of \$25 will be matched to become \$50**, \$50 will be worth \$100, **and \$500 will become \$1,000** -- your immediate donation will be worth double the original amount.

Below are special links for you to use and have your donation doubled BUT it will only work for the next 48 hours. So time is critical!

[Donate \\$50, see it matched to become \\$100 >>](#)

[Donate \\$100, it will be matched to become \\$200 >>](#)

[Donate \\$500, it will double to become \\$1000 >>](#)

Again, this special matching offer is only good for 48 hours.

I can't win these primaries without your support.

Russ, our victory in Iowa will be wasted if we can't capitalize on our momentum as we move onward to the next contests in New Hampshire, South Carolina, and beyond.

Last night, we showed America that only the power of the grassroots will ultimately defeat the Washington Cartel.

Russ, with your support, we can win this.

For liberty,

Ted Cruz
