RE: Freedom of Information Act Request for records regarding removal
proceedings for unaccompanied children and adults with children

Dear Ms. Lin:

This letter is a partial response to your two separate Freedom of Information Act (FOIA) requests, which the Executive Office for Immigration Review (EOIR) assigned as 2014-22620 and 2015-28098. In each of the requests, you seek multiple items regarding records about removal proceedings for unaccompanied children and adults with children.

Enclosed are records responsive to the item in both requests, seeking the immigration court locations for juvenile and family cases.

EOIR continues to process records potentially responsive to your request and will provide you with additional responses as they are processed. If you have any questions, please contact Associate General Counsel Paul Rodrigues at (703) 305-0879.

Sincerely,

Suleana Lawhorn

YORK, PENNSYLVANIA	3
TOTAL	44,694

The Executive Office for Immigration Review began capturing data for respondents whom the Department of Homeland Security (DHS) identified as unaccompanied children, adults with children, detained, and recent border crossers, detained beginning on July 18, 2014. DHS places these codes on charging documents before filing them with the immigration court.

Initial case receipts capture new Notices to Appear that DHS files with EOIR's immigration courts for removal cases for the four priority groups EOIR announced on July 18, 2014: unaccompanied child (UC); and adults with a child or children, whom the Department of Homeland Security (DHS) is detaining (AWC/D). DHS is responsible for identifying which individuals fall into the priority categories. DHS places priority case codes on the Notices to Appear before filing them with the immigration court. These case codes do not change as the case moves through the immigration court process. Consequently, we note that priority cases, including those marked as AWC/D, will retain the designation DHS provides at the case onset, regardless of subsequent custody status. These initial receipts are for cases that DHS filed with EOIR between July 18, 2014 and October 31, 2015. It is important to note that EOIR staff frequently enter and update information into the case database, so the statistics provided are subject to change.
