DEAR MR. FALLS:

Pursuant to Code of Alabama 1975; Section 38-7-3, a complaint received concerning the above referenced exempt child care center is hereby referred to you. Section 38-7-3 states in part, "The district attorney of the county in which the preschool program is located shall, upon proper presentment of charges, investigate at his discretion any allegation against any such church under the laws of the State of Alabama."

[REDACTED] says that her child, [REDACTED], was hurt at the above-named center while playing on the playground. She says there was only one teacher on the playground with 20 to 25 children at the time of the accident. Ms. [REDACTED] also says that her child is six years old and he was trampled by a child that is much older. [REDACTED] suffered from a closed head injury, traumatic lip hematoma, and had three teeth knocked loose. Ms. [REDACTED] can be reached at [REDACTED]

If I can be of any further assistance, please feel free to contact me at (334) 242-1425.

Sincerely,

JENNIFER CONNELL, Consultant
