Jason,

This is the third FOIA DOI has with WH equities I referred to in my email to you earlier this week. We are releasing some documents responsive to this request that do not have WH equities. Not sure of the volume.

Let me know if you have any questions on this one or the two that I made reference to last week.

Thanks,

Ed

Hi Ed,

We are releasing a partial response to the FOIA request (2012-00080). Richard Ha, the FOIA processor, who reviewed this one, prepared the below summary. Attached to this email are the six files containing the WH equities.

Clarice

On December 5, 2011, Buster Johnson, Chairman of the Mohave County Board of Supervisors, sent a FOIA requesting seeking "[a]ll email records archived and retained by the DOI from or to the [54 listed] individual email addresses dating from January 1, 2009 to the date of this letter and using the word 'withdrawal' in connection with the words 'Arizona, uranium or Grand Canyon.' . . . This request should be interpreted to include all attachments as well."

In response, the DOI OS FOIA office located and organized responsive electronic mail from 42 individuals into 42 pdf files, one pdf file for each individual. Six pdf files had joint DOI-White House records that could be interpreted

as White House equities. These six pdf files either had electronic mail sent to, from, or cc'ed White House officials; or had some discussion of White House activities.

File (b) (5) ████████ has electronic mail from and to Office of Science and Technology Policy, Executive Office of the President. Files (b) (5) ████████ (b) (5) ████████), and (b) (5) ████████ has discussion of, draft, and final White House Reports. Files (b) (5) ████████ and (b) (5) ████████ has criticism of GOP-opposition to the Obama Administration on uranium withdrawal. File (b) (5) ████████ has discussion with and meeting-preparation notes with White House officials.
