To all my friends on FB, just a short note to you on our pus headed "president" !!!! This character who I refer to as zero (0) should have been taken out by our military and shot as an enemy agent in his first term !!!!! Instead he still remains in office doing every thing he can to gut the America we all know and love !!!!! Now comes Donald J Trump to put an end to the corruption in government !!!! The so called elite, who are nothing but common dog turds from your front lawn are shaking in their boots because there is a new Sheriff coming to town, and the end to their corruption of the American people (YOU) is at hand !!!! I cannot believe that a common murder is even allowed to run (killery clinton) OR that a commie like bernie is a also allowed to also run !!!! Come on America put your big boy pants on---this election you have a choice---GET YOUR ASS OUT AND VOTE !!!! Thank you !!!!

As the candidacy of Donald J Trump keeps rising in the polls, it is scaring the crap out of the old farts in the GOP !!!!! boner and mcconnell come immediately to mind !!!!! These two turncoat traitors will have a hard time getting re-elected when their respective terms are up !!!!! For all intent and purposes they are both FKN CROOKS and should be run out of D.C. on a rail covered in hot tar !!!!! Mr Trump has one of the best legal teams ever assembled, they will thwart every underhanded tactic the gop tries !!!!! BUT, we must all be vigilant---keep our ears to the ground and report to the local Sheriff (the finest law enforcement force on the local level) any possible treasonous acts we hear of !!!!! As much as I dislike the extremely LIBERAL Facebook---we must use it as an avenue for communication !!!!!!!

Here is something I have been thinking about for at least the last six plus years: the BARRACK HUSSEIN OBAMA legacy and library !!!!!!! He leaves no legacy---everything he has touched has turned to shit !!!!!!!! Now for the library, it should be the size of a one-holer outhouse---actually that would save money, find an old one-holer complete with the crap and design it as his library !!!!!!! That's it---job done !!!!!!! Only a FEW negroes and josh earnest will even remember him---the rest of the Country will "get shed" of his memory very quickly !!!!!!!! zero(0) has really been a zero !!!!!

William Kirby Lewis And, of course, what is being suggested here, is exactly the mutiny-style actions that would push the buttons of Martial Law...allowing him to:

- 1) stay in office for an undeterminable time
- 2) get us all executed as treasonous dissidents
- 3) proving that we were all right!

So talk is cheap. But if we are true patriots, that places us in a position to lose our life in the name of principles, values and patriotism. I once took an oath upon enlisting into the US Navy that I would swear as I raised my hand to God "...protect and defend the Constitution of the United States against all enemies both foreign and domestic..." and I don't ever recall UN-Swearing or vowing to remove myself from this oath. While I am a combat action veteran it is certainly nothing I would EVER WISH FOR ON OUR LANDS...but I am willing if it comes to that! So help me God. And may God Bless all of us.

I was in a barber shop in the heart of Palm Beach getting my hair cut and carrying on a lively discussion with the patrons and barbers about what a joke "the president", zero was !!!! Basically the discussion centered around zero's firing of military service personnel (captains to generals) and replacing them with goons of zero's choosing !!!! Now the "new" butt kissers are asked one question---"IN THE EVENT OF MARSHALL LAW, WOULD YOU BE WILLING AND ABLE TO FIRE ON AMERICANS ?" Yessir, that is what your "commander in chief" (not by any warped stretch of my imagination) wants to know OF YOUR SERVICE PEOPLE !!!!! Don't worry folks there will be the SECOND AMERICAN REVOLUTION before that deceitful scum bucket zero (0) can form the words martial law !!!!

Freddy Neubauer I know barry is an idiot, but if he even utters the words 'martial law' the American public will finally wake up and start to flex our second amendment rights. I almost wish o idiot would do that...we need some serious "change" in this country right now, with o idiot being the first one to go, followed by all his goons in his administration.
