Subject: RE: FOIA Request

Msgt. Nance,

Thank you for your phone call this morning. The original request that I made was mailed on April 18, 2016 - just so we have our documentation right. I really just wanted a response within 20 days of my original request. I think it's appropriate in light of the circumstances that this request be processed as soon as possible. I have legal deadlines to meet for my client and I need the investigation in order to do so. If it will assist you, I can tell you the individual that is in possession of this investigation and report.

As I stated in our phone call when you told me that you could not account for the original request getting lost in the mail - this does not seem possible since you indicated you received it the day before I send my letter with the intent to file an injunction. It appears it was in your office - just no one was responding to it.

Since you cannot guarantee that I will have my request at any given time I have no choice but to protect my clients rights by filing the injunction. Thank you for taking the time to talk to me today.

Ms. Duthie,

Thank you for taking my call this morning. To reiterate your additional request, per our telephone discussion, if you are now requesting an expedited response prior to the established 5 July 2016 deadline, I ask that you respond to this message for documentation purposes in doing so as well. Our office will do all we can to meet your needs of expediting, however, please understand that the process of review may not allow us to meet that need.

Mr. Nance,

I attempted to try and reach you yesterday via telephone, but for some reason it just continued to ring and I was unable to leave a voicemail.
