

Ms. Branstetter:

Your request set forth below was forwarded to me for response. CLEET does not have a database containing records of any waivers of conviction disqualifications. The database you're referring to relates to disciplinary actions. The waiver referenced in the quoted statute refers to applications.

I hope this is helpful. If you have any additional questions please don't hesitate to contact me.

Gerald W. Konkler

Ah OK I read that totally the wrong way. Sorry about that. ... Can you tell me how many of these application requirement waivers have been granted during that period? Or even in the last 12 months if not?

Thanks for the quick response!

-- Ziva

There's no way to determine that without going through each and every application. Sorry.
