

Employee	Funding Agency/Institution	Title/Description	Allotment	Fiscal Year
Soon Wei Hock (Willie)	Mount Wilson Institute	Magnetism and Brightness in Sun-Like Stars	\$10,982	2000 & 2001
	NASA	Constraints on Time Scales of Decades to Centuries	\$234,000	2000-2002
	MIT	Mass Space Grant Consortium: Topics in Stellar Astrophysics	\$100,045	2000 & 2001
	American Petroleum Institute	Sun's Impact on Climate Over Last 1000 Years	\$58,380	2001 & 2002
	Mount Wilson Institute	Study of Surface Magnetism in Sun-like Stars	\$30,007	2002
	MIT	Massachusetts Space Grant Consortium	\$80,141	2002-2006
	Mount Wilson Institute	Features in the Activity Records of the Sun Stars	\$386,904	2002-2006
	American Petroleum Institute	1000 Years of Solar Variability	\$60,053	2003
	American Petroleum Institute	The 11 to 22 Year Climate Responses	\$50,178	2004 & 2005
	Koch Foundation	Koch/Mobile Charitable Foundation	\$110,000	2005 & 2006
	American Petroleum Institute	Understanding Arctic Climate Change	\$50,000	2005 & 2006
	Southern Company	Understanding Arctic Climate Change	\$110,000	2006-2007
	American Petroleum Institute	The Solar Influence of Arctic Climate Change	\$55,000	2006 & 2007
	Exxon Mobil	Exxon-Arctic Climate Change	\$55,000	2007 & 2008
	Exxon Mobil	Exxon-Soon-Solar Variability	\$76,106	2008-2010
	Free to Choose	The Sun's Influence On Climate Change	\$19,383	2008
	Southern Company	Solar Variability and Climate Change Signals From Temperature	\$120,000	2008 & 2009
	Koch Foundation	Understanding Solar Variability and Climate Change	\$65,000	2010
