RE:	Edgar Omar Ramos-Villareal
Date of Accident:	October 20, 2004
DOB of Decedent:	October 28, 1979
Cochise County Sheriff's Dept. misnomer of Mr. Ramos-Villareal:	Edgar Villa-Rogelio/Edgar Rogelio-Villa

Dear Director Kendrick,

Please accept this correspondence as a formal request for information under the Freedom of Information Act regarding the above-named individual.

Mr. Ramos-Villareal was a Mexican National who was shot to death by a United States Border Patrol Agent near the border at or approximately in the area of Portal, Arizona on October 20, 2004. The Cochise County Attorney's Office, with jurisdiction at that location, declined prosecution of this case. The Cochise County Sheriff's Office responded to our request for a full copy of their file with a 19-page report and nothing else. In fact, we were informed by a detective with that office that digital photographs of the shooting were ordered destroyed by the Cochise County Sheriff's Department. In addition, a police videotape, which we believe contained explicit footage of the shooting and death of Mr. Ramos-Villareal, was demolished by the Sheriff's Department because, as the detective described it, it was "taking up too much space". We believe that copies still exist of both the photographs and the videotape, and we are requesting copies of this evidence.

We believe that there is far more information, including further records and reports, witness statements and/or interviews, photographs, videotapes and other hard evidence that exists and is directly related to this shooting death. This letter is a formal request for all information you are able to procure for us and on behalf of the decedent's mother, father, and immediate family, with regard to our ongoing investigation in unearthing the truth of what occurred on October 20, 2004 to Edgar Omar Ramos-Villareal.

We are hereby requesting the following available documents and/or evidence, if such evidence does exist relating to this matter:
