Hi Dominique,

On March 14 I asked a few questions about the district's efforts to look into Lusher's possible Open Meetings Law violations. On the 16th you responded with a statement and I told you I had more follow up questions and asked for an interview.

In the following three weeks I've asked four times if I could set up an interview with someone at the district.

In our initial communications, unrelated to this, you had concerns about quick turnaround times when we requested information. This request is about as flexible as it can get and it's not been responded to.

I'd like a short interview with someone who can speak to meeting and exchange with Lusher regarding the matter. Can we please set one up?

If the district will not respond, and provide information on this process, we are prepared to report that story.

Thanks

Marta

Hi Marta,

We are attempting to arrange. Please stand by. I should have updates for you momentarily.

Appreciate your patience on this.

Best,

Dominique

Good morning Marta,

Can you please send over any follow-up questions you have to the statement we issued on this matter? It would be helpful in arranging the interview and getting you the info requested. Additionally, will you be needing this to be face to face or would a phone call suffice?

Thanks in advance,
Dominique

Hi Dominique,

A phone call will work.

I want to know more about the process the district went through in investigating the potential open meeting law violations. What did the district do in investigating Lusher's open meeting issues?

I will probably have follow-up questions based on those answers, hence the interview and avoiding an arduous email chain.

Thanks,
Marta

Good morning Marta,

Upon further investigation and consultation with Lusher, OPSB thinks your request has been satisfied. Please see attached letter.
