DAPL SITREP 055

November 06, 2016

John Porter

Chief Security Officer

INFORMATION CONTAINED IN THIS REPORT IS PROPRIETARY AND SENSITIVE.

DO NOT RELEASE OUTSIDE OF AUTHORIZED AND APPROVED RECIPIENTS.

The Highlights

Arrivals from out of state have considerably strengthened the protestor presence at Camp 2 in ND. Law enforcement strengthened the defense of the HWY 1806 with concertina wire while construction crews further fortified Fortress Forward and the pullback site. A contingent of protestors arrived in ND from IA; the remaining protestors in IA continue to regroup.

The Details

a. EXECUTIVE SUMMARY

A. North Dakota

i. Intel Update

- a. Camp 2 continues to expand as protestors from out of state arrive. Mississippi Stand Protestors arrived at Standing Rock with a 20' U-Haul full of supplies.
- b. Protestors are attempting to organize buses for protestors in other states to travel to Standing Rock. The buses will not be dispatched until 50 people sign up for any given state that are willing to stay for the winter. Organizers are giving priority to Native Americans. The busing will begin 10 NOV.
- c. The bridge on HWY 1806 will remain closed per law enforcement.

ii. Past 24 Hours

- a. Law enforcement placed wire near their road block on the HWY 1806 bridge to prevent foot traffic on the bridge.
- b. Added wire on top of hescos at Fortress Forward. Additional wire placed around the perimeter to reinforce security posture.
- c. Began adding four foot hescos topped with wire and dirt berms along the south side of the pull pipe.
- d. No protest activities of note.
- e. Developed a complete operational plan for the HDD site and surrounding area.

iii. Next 24 Hours

- a. Tensions will remain high as DAPL workers continue efforts on the ROW east of HWY 1806.
- b. Continue to reinforce wire plan on the HDD site and the perimeter of the Meyer property.
- c. Continue parallel planning with law enforcement for securing the HDD area.

B. Iowa

i. Intel Update

- a. Career activist [REDACTED] traveled to Standing Rock with the Jill Stein IA campaign liaison and several protesters from Cedar Rapids in a 20' U-Haul truck containing various supplies.

- b. MS is currently at a standstill with their trip to ND as they have not reached their minimum required funds (need at least \$3200 to make the trip to ND, but only have \$1925).
- c. Bold Iowa continues to post anti-DAPL propaganda, but they do not have any direct actions planned. Their next publicly planned event is a request for people to stand with them for their court dates on 10 NOV.
- ii. **Past 24 Hours**
 - a. Continued security drawdown and transition to patrolling format; will be complete by Nov 7.
- iii. **Next 24 Hours**
 - a. Prepare to secure the Des Moines River HDD site for the upcoming pipe pull. The primary security concern during this pull will be ensuring mobility of trucks moving mud and cuttings from the hole to a dump site approximately three miles away.

C. Illinois

- i. **Intel Update**
 - a. The Springfield area anti-DAPL groups were quiet over the last day, but they continue to assert themselves via different social media platforms.
 - b. Logistical support for anti-DAPL groups in adjoining states continues.
- ii. **Past 24 Hours**
 - a. Continued link analysis between anti-DAPL persons of interest (POIs) and associated groups in IL.
 - b. Monitored the “Warrior Up” protest events and identified POIs. At least fifteen different organizations were represented at the protests in conjunction with four universities in the greater Chicago area.
- iii. **Next 24 Hours**
 - a. Continue to track POIs in the Chicago/Springfield area via social media.
 - b. Retrieve and catalog surveillance camera data and reposition as appropriate.

D. South Dakota

- i. **Intel Update**
 - a. Protestors reportedly organized a rally at the university in Aberdeen, SD.
- ii. **Past 24 Hours**
 - a. Security conducted roving patrols, static security for electrician crews in four locations, 24/7 security at the Redfield Pump Station and security at the DAPL office in Sioux Falls.
- iii. **Next 24 Hours**
 - a. On Point will surge security to the Redfield pump station and the launch/recovery sites while continuing roving patrols.
 - b. Will begin security turnover to new program manager for SD.
