DOJ Criminal Division FOIPA Office:

I request any and all records pertaining to any referral to the DOJ Criminal Division for possible prosecution of Thomas Pickard. And I request any and all records that pertain to recommendations and his suitability to become an FBI Assistant Director or Acting FBI Director.

Thomas Pickard obstructed justice and submitted false statements to the FBI in 1992 in order to do me hurt. A number of investigations were then conducted based on my complaints about Mr. Pickard, all of which demonstrated I was correct. The DOJ OPR was one of them and conducted a criminal investigation consisting of over 500 pages and the DOJ OPR determined I was correct. I understand the DOJ OPR would have submitted the matter for possible prosecution.

I have been advised the FBI OPR would have submitted documentation to the DOJ to the effect they knew of no complaints against Mr. Pickard that would suggest he was not suitable for promotion to Assistant Director or other executive positions.

I do not believe the DOJ Criminal Division possesses voluminous records in regards to these two requests.

I request expedited processing as this pertains to government corruption on the highest levels and so that I might be available to testifying in government hearings.
