Subject: RE: Tianna [redacted]

Hi Whitney,

I've received some information by telephone and in a face-to-face conversation, but nothing written has been delivered to me. In any event, nothing will be released until I've closed the case, talked with the prosecutor and submitted the case for charging. I'm going to be in a murder trial for the next two weeks (I'm the lead detective / managing witness), so I won't be getting back to the [redacted] case until after then. Even still, I have to testify in another 1st degree Assault / Robbery 1st case sometime between May 15-30, and I'll be in fairly intense preparation for that testimony, which will be quite technical. I don't want to make a promise I can't keep, so the most optimistic answer I can give for any disclosure is the end of May, beginning of June.

Tedd

Hi Tedd,

I heard the autopsy may be completed. Is this accurate? If so when would we be able to get the report? I'm working on completing my CPS investigation and it would be helpful.

Thank you

[3B],[3N],[3O],[3P]

I have also attached several address and contact information for other individuals who are involved in this case.

*Initially the mother reported that Tianna was living with [3B],[3N],[3O],[3P] in Olympia - I can't find anyone associate with any of the parents with this name or even someone with this name living in the general area of Olympia

*The mother then said Tianna was living with [3B],[3N],[3O],[3P] (real name [3B],[3N],[3O],[3P] [3B],[3N],[3O],[3] 1966) I have provided her address in an attachment.

* [3B],[3N],[3O],[reported Tianna is living with her biological father and his girlfriend [3B],[3N],[3O],[3P] - I was unable to find anyone associated with the father with a name similar to [3B],[3N],[3O],[3P]

*I have provided all of the contact information I have for the biological father [3B],[3N],[3O],[3P] (dob [3B],[3N],[3O] 70) who resides in Everett and his girlfriend [3B],[3N],[3O],[3P] (dob [3B],[3N] 71)

[3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P]

*Lastly I included information on Steven [3B],[3N],[3O],[3P] who is the biological father [3B],[3N],[3O],[3P] and [3B],[3N],[3O],[3P] and the legal father of Tianna.

I honestly believe the family is back staying at the [3B],[3N],[3O],[3P] address either in trailer [3B],[3 or [3B],[3 since it appears the children (at least [3B],[3N],[3O],[3P] have returned to school. I will call the school in the morning to see where the children are dropped off daily by the bus.

*I am also forwarding an email to you from Edmonds school district regarding the dates the children attend school. You will see that while the three older children were attending until 2/2013 Tianna was never enrolled in school. According to Tianna's birth date she show have started school 9/2011 however this did not happen.

Sorry I was not able to confirm exactly where the children and parents are located but at least this will get you part of the way there. [3B],[3N],[3O],[3P] have stopped any [1G],[1M] I could use to track their daily location so I don't have access to that information at this time. I am also still waiting on Everett School District and Marysville School district to respond to my requests.

I have a meeting at 9:00am tomorrow but I will call the schools on my way into the office. Please let me know if there is anything else I can help you with tomorrow. I am going home now as I have a 45 minute commute (over an hour in the morning) and I have to be back by 9:00am.

Yup! Just call or text me at the 425-297-0835. I will have my computer with me so I can look anything up that you need. As far as CPS services over the weekend just contact me and I will get an intake called in and either myself or I will get an afterhours worker to assist you. If you call the intake line it can take up a three hours to get a person to your location and I don't want you to have to wait that long. If you could just give me a heads up when you are planning on everything going down I will make sure I am available. These children will need to be placed in a legal placement as none of the family is safe or appropriate and may also be involved as well. Are you looking at just Tricia's children or [redacted]

Detective Betts contacted the social worker and stated he is working on his search warrant on the case of Tianna disappears and that he is hoping to have it together so that they can go out tomorrow. The Detective asked if the social worker was available to go out with the detective to pickup the children once they have been located and the scenes have been secured. The social worker stated that she has already staffed the case with her supervisor and that she is aware of the situation and has consent to the social worker going out with the Detective office. The Detective described the situation as very "volatile" and requested that "no one be informed of the investigation" as he doesn't want the family to get spooked "and move the body". The social worker informed the detective that only herself, the previously assigned social worker, the CPS supervisor and the Area Administrator are aware of the investigation as the social worker was required to staff the case with them prior to providing any information to the detectives. The detective requested any information on which schools the children attend, names and contact numbers for the mother, Jordan, biological fathers, [3B],[3N],[3O],[3P] (who the child report [3B],[3N],[3O] is staying with), and any relatives who are local and maybe aware of the location of the children and parents. The social worker stated she would work on that information and get it to him asap.

It also appears that the [3B],[3N],[3O] [3B],[3N],[3O],[3P] was babysitting the children (including Tianna) 11/9/2010 - 2/19/2011.

I have more information to come but at least this gets you started.

NARRATIVE

Case Note 1 of 1 Entered By : David Koinange Date Entered : 08/23/2016 Time Entered : 09:12 AM

SW went to family home and met mother and her daughter [3B],[3N],[3O],[3 SW asked to see all the children. Mother reported older child [3B],[3N],[3O],[3P is with a friend in Marysville and [3B],[3N],[3O],[3 is with a friend in Monroe. She reported those are her kids.

SW informed mother that SW is a ware there is another child called Tianna and that SW wanted to know her where about. Mother responded that Tianna has nothing to do with the case. SW informed mother that even though Tianna is not involved with the case SW has to see her before the case closes and that there is a no two way about it. Mother responded that Tianna is with her dad. SW asked the name of the dad. Mother reported that she will not let SW know since she does not want any issues. SW informed mother that SW needs to call whoever is with Tianna so that SW can confirm it is true the Tianna is with him or her. Mother reported Tianna is with a friend of mother called [3B],[3N],[3O],[3P] and they live in Olympia. She reported that Tianna will be back home on September 7th when school starts. SW asked mother why she would not let SW talk to the person living with Tianna. Mother responded that she does not want that family to deal with CPS. She reported that she had to take Tianna to that family because other kids were "picking on her" SW asked mother to tell ore about that but she declined.
Mother reported she gets [3H] in child support for Tianna and sends it to the family she is living with. Mother then commented that" I did not do this. He did this to me. Now I'm getting to lose my life" in reference to Jordan.

Subject: [3B],[3N],[3O],[3P] TRICIA A. (2009493)
CA/N: Negligent Treatment or Maltreatment
Findings: Founded
Relationship to Victim: Parent Birth/Adoptive

Support of Findings/CAPTA Narrative:

You, Tricia[3B],[3N],[3O],[3P], neglected your daughter, Tianna [3B],[3N],[3O],[3P](DOB 5[3B],[3N]07). There are numerous reports of Tianna having [3B],[3N],[3O],[3P], however, there is no evidence that you took her in for evaluation of these behaviors. Your older children report last seeing Tianna during the bathtub incident several years ago. There is no record of you seeking medical attention or law enforcement assistance following this incident. You did not seek out medical care at the time of Tianna's death or in the time period immediately preceding her death. You also continued to receive state services, including child support, for Tianna even after her now-reported death. You covered up her death by providing incorrect and conflicting information about her whereabouts to Department staff when asked multiple times, specifically in August of 2016.

INVESTIGATIVE DETAILS

Narrative describing facts obtained from Investigation and sources used to verify.

ALLEGATION:
On 10/29/2016, the Department received a 24-hour Risk Only emergent intake regarding the safety of [3B],[3N],[3O],[3P], and [3B],[3N],[3O],[3P] The Department also received a 72-hour intake alleging physical abuse (fatality) and negligent treatment (fatality) of Tianna [3B],[3N],[3O],[3P]. The following was reported:
* [3B],[3N],[3O],[3P] were taken into protective custody (PC) due to a pending law enforcement (LE) investigation regarding the death of their sibling, Tianna. [3B],[3N],[3O],[3P] was unable to be located at that time, however was believed to be residing with family friends in Graham, Washington.
* The mother acknowledged Tianna was injured and led LE to the location of her body, which was concealed in a plastic container covered in concrete on a relative's property. The container was transported by LE to the medical examiner's office.
* Prior to the referrer calling in about the children being placed in PC, another person called in an Intake regarding the container delivery. There is concrete inside the container and tar on top of the concrete. It is believed to be the remains of Tianna beneath the concrete.
* Tianna has been missing for approximately four years.
* LE spoke to the parents and they provided different accounts of how the child died, including chicken pox, the flu, accidental drowning, and being hit in the head by her sister. The container was found in a shed on the maternal grandparents' property.
* Scientific/forensic anthropological identification has not been completed yet and the LE investigation is pending.

FAMILY COMPOSITION:
The family consists of mother, Tricia [3B],[3N],[3O] (37), and father Steven [3B],[3N],[3O] (46). [3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P]

RELEVANT INFORMATION FROM PREVIOUS INVESTIGATIONS:
The family has provided various explanations for Tianna's whereabouts:
* Initially the mother reported that Tianna was living with [3B],[3N],[3O],[3P] in Olympia. No one by this name could be located associate with any of the parents or living in the general area of Olympia.
* The mother then said Tianna was living with [3B],[3N],[3O],[3P] (real name [3B],[3N],[3O],[3P] DOB 0[3B],[3N],[3O]/1966).
* [3B],[3N],[3O] reported Tianna is living with her biological father and his girlfriend [3B],[3N],[3O],[3P]. No one by this name could be located associated with the father nor anyone with a name similar to [3B],[3N],[3O],[3P]
* Mom's roommate [3B],[3N],[3O],[3P] reports she has not seen Tianna for a long time and was told she was living with her father.
* Mom told Detective Emmons that child was camping and would be back on 09/02/2017.

Record requests were sent to the following districts to try and locate Tianna:
- Olympia, Marysville, Everett, Lake Stevens, Edmonds, Mukilteo
There were no school records associated with Tianna.

Medical record requests were sent and there were current records for all children, except Tianna.

Family has had various addresses over the last several years mostly in Everett and Lynnwood.

INVESTIGATION:
On 10/29/16, 15 yo [3B],[3N],[3O],[3P] was placed in PC and transported to Dawson Place for a forensic interview.

During the forensic interview, [3B],[3N],[3O] shared the following:
* Jordan did not like Tianna.
* Tianna was [3B],[3N],[3O],[3P] - sweet/weird
* Tianna also got into things and had [3B],[3N],[3O],[3P] in the morning.
* He used to take Tianna to the park where they lived.
* Tianna broke [3B],[3N],[3O],[3P] tablet.
* Jordan would give Tianna "whoopings" - spank her with his hand.
* [3B],[3N],[3O] "raised her" when they lived with her dad.
* Tianna [3B],[3N],[3O],[3P].
* Tianna did not have any teeth really and would talk "babyish".
* Tianna did not go to school - she was only five years old - the mother did not think she should go to school because of her behavior.

The child interview specialist asked [3B],[3N],[3O] about an incident which might have occurred in a bathtub and [3B],[3N],[3O] reported the following information:
* [3B],[3N],[3O] and Tianna were in the bathtub together and [3B],[3N],[3O] was watching over them but got called out of the room.
* Jordan, the mother [3B],[3N],[3O],[3P] and possibly [3B],[3N],[3O],[3P] were all out of the room playing guitar hero.
* After [3B],[3N],[3O] got called out of the room she went into the room and started to play the game.
* Tianna hit her head.
* Jordan came into the room with Tianna in his arms and she had black and blue marks on her head.
* Jordan and the mother took Tianna into their room and a little while later Jordan gathered up all the children except Tianna and they went out to dinner and did not return for a couple of hours.
* When they returned from dinner the mother told the children that Tianna's biological father's family had picked up Tianna.

The child was asked to clarify some details that she reported so the detectives understood what happened.

* The child stated she has not seen Tianna since the night of the incident until the last 4th of July (2016). The child clarified that she did not see Tianna on the 4th of July but that she heard that the grandfather (maternal) had seen the child at the races and stated the child doing good.
* The child stated that she thinks she was in the 5th grade when she last saw Tianna.
* The child stated that when she saw Jordan carrying Tianna the night of the incident Tianna was naked, there were black and blue marks on her forhead and side of her face and there was blood coming or on her face. The child stated there were little pink marks on the child and that Tianna hands and face were turning blue/purple.
* The mother and Jordan brought the child into their room and a little while later Jordan came out and said that they were going to go eat dinner. The mother and Tianna did not come to dinner with them.
* When they returned a few hours later the mother told the children that Tianna's aunt (on her father's side) picked up Tianna because they could not longer handler her.
* The mother packed up all of Tianna's stuff including photos of hers and put them in boxes.
* The child stated some of these boxes ended up in storage and other ended up in the maternal grandparents' shed behind their house.

[3B],[3N],[3O] age 12, was also placed in protective custody and had a forensic interview. She reported the following during her interview:
* She presently lives with [3B],[3N],[3O],[3P] and [3B],[3N],[3O],[3P] boyfriend.
* She said her sister Tianna is about 9 and lives with her father or father's sister and she hasn't seen Tianna in awhile.
* She last saw Tianna when Tianna was about 4.
* She said she didn't know the answers to questions about Tianna or the alleged incident.
* She said no one told her what to say today.

[3B],[3N],[3O],[3P]

CPS Supervisor Dianna Lucas contacted Detective Betts and informed him of the whereabouts of the youth, [3B],[3N],[3O],[3P] The Detective reported the mother and step-father haven't been arrested and would like [3B],[3N],[3O],[3P] to be placed in protective custody so the mother cannot pick him up from school.

Social Worker Whitney Ramirez was assigned to the case for CPS investigation. Social Worker Ramirez attempted to contact the mom by calling and texting the numbers listed under her name in FamLink. Social Worker Ramirez also checked [3B],[3N],[3O], and all the phone numbers are the same. The step-father is listed as head of household in the most recent applications. Social Worker Ramirez searched for the father on DOC and [3B],[3N],[3O], and was unable to locate current information for him.

[3B],[3N],[3O],[3P]

Social Worker Ramirez attempted to contact Tianna's alleged father at the number in [1G],[1M] but it's disconnected. His [1G],[1M] are closed listing he was incarcerated. Social Worker Ramirez was unable to locate him on DOC website or Snohomish County Corrections site. Social Worker Ramirez emailed his last known email address but it was returned as undeliverable.

[3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P]

Social Worker Ramirez was informed by FAR Supervisor Lovenia Warren that she had reached out to mother's attorney to

interview mother and did not get a response. Social Worker Ramirez contacted mother's attorney to schedule an interview with the mother with attorney present. He stated he would talk to the mother and let social worker know. Social Worker Ramirez emailed him several more times and did not receive any further response.

CERTIFIED MAIL:

TRICIA [redacted]
[redacted]
Everett, WA 98204 - 5698

RE: Intake Number: 3486334

Dear TRICIA [redacted]

I am writing to inform you of the results of the Child Protection Services (CPS) Investigation conducted by the Department of Social and Health Services (DSHS) and your rights concerning the results of this Investigation. On or about 10/29/2016, CPS received a report alleging that you abused or neglected your child or a child in your care. CPS investigated this report, which included a discussion of the allegations with you, and has found that the alleged abuse or neglect occurred.

What type of child abuse or neglect did you allegedly commit?

The allegation(s) are:

- Physical abuse
- Negligent treatment or maltreatment

Child abuse and neglect is defined in state law. CPS is required to use these definitions when investigating allegations of abuse and neglect.

What did CPS find?

The CPS investigation showed that the allegation(s) of:

1. Negligent Treatment or Maltreatment on Intake Number 3486334 involving victim TIANNA [redacted] is Founded
2. Physical Abuse on Intake Number 3486334 involving victim TIANNA [redacted] is Unfounded

When an allegation is 'Founded,' it means that CPS investigated the allegation(s) and, based on the information available, has determined that it was more likely than not that the abuse and/or neglect occurred and you are the person responsible for the abuse and/or neglect.

What did CPS base this determination on?

Brief description (who, what, and where) of the investigation that led to the finding(s).

1. Intake Number 3486334 involving victim TIANNA [3B],[3N],[3O],[3P] with the allegation of Negligent Treatment or Maltreatment is founded against you based on: You, Tricia [redacted], neglected your daughter, Tianna [3B],[3N],[3O],[3P] (DOB 5/[redacted]07), by providing incorrect and conflicting information about her whereabouts to Department staff when asked multiple times, specifically in August of 2016. Your older children report last seeing Tianna during the bathtub incident several years ago. There is no record of you seeking medical attention or law enforcement assistance following this incident. You also continued to receive state services, including child support, for Tianna, even after her now-reported death.

What happens to information about Founded CPS reports?

1. Children's Administration (CA) of the Department of Social and Health Services keeps this information in its computer system. CA is required to report this information to an appropriate law enforcement agency if CA has reason to believe that a crime against a child was committed.

2. Information in CA's computer system is confidential and cannot be released to the public. It can be released if authorized by law or court order and may be used in this state or other states for purposes of:

- Evidence in court actions concerning your children.
- Determining if you can be licensed or employed to provide care for children or vulnerable adults, or to reside in a licensed foster or child care home; or
- Background information in the event there are future CPS or law enforcement reports.

3. If you work for or live with someone who is licensed to provide child care or foster care, information about the Founded CPS investigation will be provided to the State Licensor. The licensor may take licensing action based on the Founded finding(s).

4. You have the right to ask for a review by CA of the Founded finding(s) of child abuse or neglect against you.

What are your rights?

1. You have a right to know the results of the CPS investigation. This letter is provided for this purpose.

2. You have the right to send CPS a written response about the allegation and finding(s). If you send a written response, it will be put in your CPS file. Send written responses to the address printed on top of this letter.

3. You have the right to see your CPS file. You may ask for access to your file in writing or by calling the number listed above.

4. You have the right to ask for a review by CA of a Founded finding(s) of child abuse or neglect against you.

How do you ask for a review of Founded findings?

1. You must send a written request for a review to CA. To do this you must:

- Use the form attached to this letter to ask for a review, and
- Send your written request to the address identified on the attached form.

2. CA must receive your written request for a review within 30 calendar days from the date you receive this letter.**If CA does not receive the request within 30 calendar days of the date you receive this letter, you will have no further right to challenge the CPS findings.**

What happens after I ask for a review?

1. If you submit a timely request for review, your case will be reviewed by a CA Area Administrator within 30 days of receiving the request.

2. After the review, the CA Area Administrator will send you a letter with the results of the review in about 60 days.

3. If the CA Area Administrator does not change the Founded finding(s), you have the right to challenge the finding at an Administrative Hearing. Administrative Hearings are held by the Office of Administrative Hearings, an independent agency that is not part of CA or DSHS. Information regarding Administrative Hearings will be included in the letter from the CA Area Administrator.

What if I am also involved in a dependency case?

In some cases when there have been allegations of abuse or neglect, the Department files a dependency petition. If a dependency petition has been filed in which you were named as a parent or guardian of a child, you should talk to your dependency attorney about the difference between a founded finding and a dependency proceeding.

Where can you find more information about CPS findings and your right to a review?
Washington Administrative Code (WAC) Chapter 388-15 and RCW 26.44.020 covers these issues. You can access it on line at http://apps.leg.wa.gov/WAC/default.aspx?cite=388-15 and http://apps.leg.wa.gov/rcw/default.aspx?cite=26.44.020

RCW 26.44.020(1)

"Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

RCW 26.44.020(14)

"Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

RCW 26.44.020(20)

"Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

WAC 388-15-009

What is child abuse or neglect?

Child abuse or neglect means the injury, sexual abuse, sexual exploitation, negligent treatment, or maltreatment of a child under circumstances which indicate that the child's health, welfare, or safety are harmed. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(1) Physical abuse means the non-accidental infliction of physical injury or physical mistreatment on a child. Physical abuse includes, but is not limited to, such actions as:

(a) Throwing, kicking, burning, or cutting a child;
(b) Striking a child with a closed fist;
(c) Shaking a child under age three;
(d) Interfering with a child's breathing;
(e) Threatening a child with a deadly weapon;
(f) Doing any other act that is likely to cause and which does cause bodily harm greater than transient pain or minor temporary marks or which is injurious to the child's health, welfare or safety.

(2) Physical discipline of a child, including the reasonable use of corporal punishment, is not considered abuse when it is reasonable and moderate and is inflicted by a parent or guardian for the purposes of restraining or correcting the child. The age, size, and condition of the child and the location of any inflicted injury shall be considered in determining whether the bodily harm is reasonable or moderate. Other

factors may include the developmental level of the child and the nature of the child's misconduct. A parent's belief that it is necessary to punish a child does not justify or permit the use of excessive, immoderate or unreasonable force against the child.

(3) Sexual abuse means committing or allowing to be committed any sexual offense against a child as defined in the criminal code. The intentional touching, either directly or through the clothing, of the sexual or other intimate parts of a child or allowing, permitting, compelling, encouraging, aiding, or otherwise causing a child to engage in touching the sexual or other intimate parts of another for the purpose of gratifying the sexual desire of the person touching the child, the child, or a third party. A parent or guardian of a child, a person authorized by the parent or guardian to provide childcare for the child, or a person providing medically recognized services for the child, may touch a child in the sexual or other intimate parts for the purposes of providing hygiene, child care, and medical treatment or diagnosis.

(4) Sexual exploitation includes, but is not limited to such actions as allowing, permitting, compelling, encouraging, aiding, or otherwise causing a child to engage in:

(a) Prostitution;
(b) Sexually explicit, obscene or pornographic activity to be photographed, filmed, or electronically reproduced or transmitted; or
(c) Sexually explicit, obscene or pornographic activity as part of a live performance, or for the benefit or sexual gratification of another person.

(5) Negligent treatment or maltreatment means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction on the part of a child's parent, legal custodian, guardian, or caregiver that shows a serious disregard of the consequences to the child of such magnitude that it creates a clear and present danger to the child's health, welfare, or safety. A child does not have to suffer actual damage or physical or emotional harm to be in circumstances which create a clear and present danger to the child's health, welfare, or safety. Negligent treatment or maltreatment includes, but is not limited to:

(a) Failure to provide adequate food, shelter, clothing, supervision, or health care necessary for a child's health, welfare, or safety. Poverty and/or homelessness do not constitute negligent treatment or maltreatment in and of themselves.
(b) Actions, failures to act, omissions that result in injury to or which create a substantial risk of injury to the physical, emotional, and/or cognitive development of a child; or
(c) The cumulative effects of a pattern of conduct, behavior or inaction by a parent or guardian in providing for the physical, emotional and developmental needs of a child's, or the effects of chronic failure on the part of a parent or guardian to perform basic parental functions, obligations, and duties, when the result is to cause injury or create a substantial risk of injury to the physical, emotional, and/or cognitive development of a child.

RE: Intake Number: 3486334

Dear JORDAN [3B],[3N],[3O],[3P]

I am writing to inform you of the results of the Child Protection Services (CPS) Investigation conducted by the Department of Social and Health Services (DSHS) and your rights concerning the results of this Investigation. On or about 10/29/2016, CPS received a report alleging that you abused or neglected your child or a child in your care. CPS investigated this report, which included a discussion of the allegations with you, and has found that the alleged abuse or neglect occurred.

What type of child abuse or neglect did you allegedly commit?

The allegation(s) are:

- Physical abuse
- Negligent treatment or maltreatment

Child abuse and neglect is defined in state law. CPS is required to use these definitions when investigating allegations of abuse and neglect.

What did CPS find?
The CPS investigation showed that the allegation(s) of:

1. Negligent Treatment or Maltreatment on Intake Number 3486334 involving victim TIANNA [3B],[3N],[3O],[3P] is Founded
2. Physical Abuse on Intake Number 3486334 involving victim TIANNA [3B],[3N],[3O],[3P] is Unfounded

When an allegation is 'Founded,' it means that CPS investigated the allegation(s) and, based on the information available, has determined that it was more likely than not that the abuse and/or neglect occurred and you are the person responsible for the abuse and/or neglect.

What did CPS base this determination on?
Brief description (who, what, and where) of the investigation that led to the finding(s).

1. Intake Number 3486334 involving victim TIANNA [3B],[3N],[3O],[3P] with the allegation of Negligent Treatment or Maltreatment is founded against you based on: You, Jordan [3B],[3N],[3O], neglected your stepdaughter, Tianna [3B],[3N],[3O],[3P] (DOB 5[3B],[3N]07), by not providing her whereabouts to Department staff. Your older stepchildren report last seeing Tianna during the bathtub incident several years ago. One of the children reported you were holding her while she was black and blue. There is no record of you or her mother seeking medical attention or law enforcement assistance following this incident.

What happens to information about Founded CPS reports?

1. Children's Administration (CA) of the Department of Social and Health Services keeps this information in its computer system. CA is required to report this information to an appropriate law enforcement agency if CA has reason to believe that a crime against a child was committed.

2. Information in CA's computer system is confidential and cannot be released to the public. It can be released if authorized by law or court order and may be used in this state or other states for purposes of:

- Evidence in court actions concerning your children.
- Determining if you can be licensed or employed to provide care for children or vulnerable adults, or to reside in a licensed foster or child care home; or
- Background information in the event there are future CPS or law enforcement reports.

3. If you work for or live with someone who is licensed to provide child care or foster care, information about the Founded CPS investigation will be provided to the State Licensor. The licensor may take licensing action based on the Founded finding(s).

4. You have the right to ask for a review by CA of the Founded finding(s) of child abuse or neglect against you.

What are your rights?

1. You have a right to know the results of the CPS investigation. This letter is provided for this purpose.

2. You have the right to send CPS a written response about the allegation and finding(s). If you send a written response, it will be put in your CPS file. Send written responses to the address printed on top of this letter.

3. You have the right to see your CPS file. You may ask for access to your file in writing or by calling the number listed above.

4. You have the right to ask for a review by CA of a Founded finding(s) of child abuse or neglect against you.

How do you ask for a review of Founded findings?

1. You must send a written request for a review to CA. To do this you must:

- Use the form attached to this letter to ask for a review, and
- Send your written request to the address identified on the attached form.

2. CA must receive your written request for a review within 30 calendar days from the date you receive this letter. **If CA does not receive the request within 30 calendar days of the date you receive this letter, you will have no further right to challenge the CPS findings.**

What happens after I ask for a review?

1. If you submit a timely request for review, your case will be reviewed by a CA Area Administrator within 30 days of receiving the request.

2. After the review, the CA Area Administrator will send you a letter with the results of the review in about 60 days.

3. If the CA Area Administrator does not change the Founded finding(s), you have the right to challenge the finding at an Administrative Hearing. Administrative Hearings are held by the Office of Administrative Hearings, an independent agency that is not part of CA or DSHS. Information regarding Administrative Hearings will be included in the letter from the CA Area Administrator.

What if I am also involved in a dependency case?

In some cases when there have been allegations of abuse or neglect, the Department files a dependency petition. If a dependency petition has been filed in which you were named as a parent or guardian of a child, you should talk to your dependency attorney about the difference between a founded finding and a dependency proceeding.

Where can you find more information about CPS findings and your right to a review?
Washington Administrative Code (WAC) Chapter 388-15 and RCW 26.44.020 covers these issues. You can access it on line at http://apps.leg.wa.gov/WAC/default.aspx?cite=388-15 and http://apps.leg.wa.gov/rcw/default.aspx?cite=26.44.020

RCW 26.44.020(1)

"Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

RCW 26.44.020(14)

"Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

RCW 26.44.020(20)

"Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

WAC 388-15-009

What is child abuse or neglect?

Child abuse or neglect means the injury, sexual abuse, sexual exploitation, negligent treatment, or maltreatment of a child under circumstances which indicate that the child's health, welfare, or safety are harmed. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(1) Physical abuse means the non-accidental infliction of physical injury or physical mistreatment on a child. Physical abuse includes, but is not limited to, such actions as:

(a) Throwing, kicking, burning, or cutting a child;
(b) Striking a child with a closed fist;
(c) Shaking a child under age three;
(d) Interfering with a child's breathing;
(e) Threatening a child with a deadly weapon;
(f) Doing any other act that is likely to cause and which does cause bodily harm greater than transient pain or minor temporary marks or which is injurious to the child's health, welfare or safety.

(2) Physical discipline of a child, including the reasonable use of corporal punishment, is not considered abuse when it is reasonable and moderate and is inflicted by a parent or guardian for the purposes of restraining or correcting the child. The age, size, and condition of the child and the location of any inflicted injury shall be considered in determining whether the bodily harm is reasonable or moderate. Other

factors may include the developmental level of the child and the nature of the child's misconduct. A parent's belief that it is necessary to punish a child does not justify or permit the use of excessive, immoderate or unreasonable force against the child.

(3) Sexual abuse means committing or allowing to be committed any sexual offense against a child as defined in the criminal code. The intentional touching, either directly or through the clothing, of the sexual or other intimate parts of a child or allowing, permitting, compelling, encouraging, aiding, or otherwise causing a child to engage in touching the sexual or other intimate parts of another for the purpose of gratifying the sexual desire of the person touching the child, the child, or a third party. A parent or guardian of a child, a person authorized by the parent or guardian to provide childcare for the child, or a person providing medically recognized services for the child, may touch a child in the sexual or other intimate parts for the purposes of providing hygiene, child care, and medical treatment or diagnosis.

(4) Sexual exploitation includes, but is not limited to such actions as allowing, permitting, compelling, encouraging, aiding, or otherwise causing a child to engage in:

(a) Prostitution;
(b) Sexually explicit, obscene or pornographic activity to be photographed, filmed, or electronically reproduced or transmitted; or
(c) Sexually explicit, obscene or pornographic activity as part of a live performance, or for the benefit or sexual gratification of another person.

(5) Negligent treatment or maltreatment means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction on the part of a child's parent, legal custodian, guardian, or caregiver that shows a serious disregard of the consequences to the child of such magnitude that it creates a clear and present danger to the child's health, welfare, or safety. A child does not have to suffer actual damage or physical or emotional harm to be in circumstances which create a clear and present danger to the child's health, welfare, or safety. Negligent treatment or maltreatment includes, but is not limited to:

(a) Failure to provide adequate food, shelter, clothing, supervision, or health care necessary for a child's health, welfare, or safety. Poverty and/or homelessness do not constitute negligent treatment or maltreatment in and of themselves.
(b) Actions, failures to act, omissions that result in injury to or which create a substantial risk of injury to the physical, emotional, and/or cognitive development of a child; or
(c) The cumulative effects of a pattern of conduct, behavior or inaction by a parent or guardian in providing for the physical, emotional and developmental needs of a child's, or the effects of chronic failure on the part of a parent or guardian to perform basic parental functions, obligations, and duties, when the result is to cause injury or create a substantial risk of injury to the physical, emotional, and/or cognitive development of a child.

Child Fatality

Social worker, [3E] is the referrer. The referrer reports Snohomish County Sherriff's has taken protective custody of [3B],[3N],[3O],[3P] (14) DOB [3B],[3N],[3O]2002 and [3B],[3N],[3O],[3P] DOB [3B],[3N],[3O]2005. According to the referrer, [3B],[3N],[3O],[3P] [3B],[3N],[3O],[3P] (16) DOB [3B],[3N],[3O]2000 has not been located, but is believed to be in the Graham area. The referrer is currently with [3B],[3N],[3O],[3] and [3B],[3N],[3O] at Dawson's Place.

The referrer reports the protective custody of [3B],[3N],[3O],[3] and [3B],[3N],[3O] is related to the investigation regarding the death of their sibling, Tianna [3B],[3N],[3O],[3P] DOB 5/[3B],[3]/2007. This worker received a call from Medical examiner, Lauren Alvarez 16-SN1896 prior to the call from the referrer.

The referrer reports [3B],[3N],[3O] disclosed the last time she saw Tianna was in 2011 and remembers her covered in blood and

turning purple and her parents took care of the body. According to the referrer, the mother, Tricia [3B],[3N],[3O],[3P] acknowledged Tianna was injured and led law enforcement to the location Tianna's body, which was concealed in a plastic container covered in concrete. The container was transported by law enforcement to the medical examiner's office.

Prior to the referrer calling in the protective custody of [3B],[3N],[3O],[3P] (14) DOB [3B],[3N],[3O] 2002 and [3B],[3N],[3O],[3P] [3B],[3N],[3O] DOB [3B],[3N] 2005, Central Intake received a call from Snohomish County medical examiner, Lauren Alvarez ID # 16-SN1896 calling to report today Snohomish County Sheriff's office delivered a plastic bin with a lid on it. There is concrete in the container and tar on top of the concrete. According to the medical examiner, it is believed that Tianna [3B],[3N],[3O],[3P] DOB 5/[3B],[3 2007 is believed to be beneath the concrete in the container. The child has been missing for approximately four years. The parents are being questioned by law enforcement currently and have provided various accounts of how the child died. Examples are chicken pox, the flu, drowning accident and hit in the head by her sister. The container was located in a shed on the maternal grandparent's property.

According to the medical examiner, a scientific identification will not be determined until early next week, due to the complexity of the body covered in concrete.

This worker called the Snohomish Sheriff's Department for an update and was not provided any additional information. This investigation is still pending.

Tianna is 9 years old. SW was not able to see the child.

During the investigation, Mother has not been cooperative in producing 9 year old Tianna for interview or giving a clear answer to her whereabouts. Mother reported she does not want CPS to be involved with Tianna since she had nothing to do with the open cases. SW made diligent efforts to find the whereabouts of Tianna through involvement of several school districts as collateral and also by involving the assigned detective who investigated case of [3B],[3N],[3O],[3P] but in vain.

Executive Summary

On February 16, 2017, the Department of Social and Health Services (DSHS), Children's Administration (CA) convened a Child Fatality Review (CFR)[1] to assess the department's practice and service delivery to T.K. and her family.[2] The child will be referenced by her initials in this report.

On October 29, 2016, the Snohomish County Sheriff's Office placed two of T.K.'s siblings in protective custody. A third sibling was believed to be living out of the county. The children were placed in protective custody due to a law enforcement investigation regarding T.K.

The children were placed in protective custody after law enforcement requested the mother produce T.K. The mother provided a container to law enforcement indicating the remains in the container were that of T.K. Due to the condition in which the body was found, a date of death has not been determined. No other information has been shared with CA regarding a cause or manner of death as of the writing of this report.

The CFR Committee included members selected from diverse disciplines within the community with relevant expertise including the Office of the Family and Children's Ombuds, chemical dependency and mental health, law enforcement and child abuse and child safety. No Committee member had previous involvement with this family.

Prior to the review, each Committee member received a case chronology, a summary of CA involvement with the family and un-redacted CA case documents (e.g., intakes, investigative assessments and case notes). Supplemental sources of information and resource materials were available to the Committee at the time of the review. These included the most recent volumes of the case, relevant state laws, and CA policies.

[1] Given its limited purpose, a Child Fatality Review (CFR) should not be construed to be a final or comprehensive review of all of the circumstances surrounding the death of a child. The CFR Committee's review is generally limited to documents in the possession of or obtained by DSHS or its contracted service providers. The Committee has no subpoena power or authority to compel attendance and generally only hears from DSHS employees and service providers. It does not hear the points of view of the child's parents and relatives, or of other individuals associated with the child. A Child Fatality Review is not intended to be a fact-finding or forensic inquiry or to replace or supersede investigations by courts, law enforcement agencies or other entities with legal responsibility to investigate or review some or all of the circumstances of a child's fatal injury. Nor is it the function or purpose of a Child Fatality Review to recommend personnel action against DSHS employees or other individuals.

The Committee interviewed three staff who had direct involvement with the June 2016 investigation.

Family Case Summary

[3B],[3N],[3O],[3P]

[3B],[3N],[3O],[3P] While the case notes indicate the case was to transfer to a voluntary services Indian Child Welfare unit, the case was closed after the CPS investigation.

While no father was listed on T.K.'s birth certificate, the mother identified two possible birth fathers that did not include the man to whom she was married. That man assumed care and custody of T.K. at varying times and paid child support through Division of Child Support, and thus for the purposes of this report is considered to be T.K.'s father.

[3B],[3N],[3O],[3P] In each intake, T.K. was listed as a participant as were the other siblings.[3] The inclusion of a child on the list of household participants would require the child to be included in a CPS investigation.

[3B],[3N],[3O],[3P] This intake was closed with a referral to an alternate intervention.[4] [3B],[3N],[3O],[3P]

[3] Participant refers to a section of the CA intake listing all household members and the referent. All children in the household should be included in the CPS investigation.

[4] (Pre-Family Assessment and Response) Alternate Intervention—CA must respond within 10 calendar days to an alternate intervention intake. The CA social worker may send a letter, make a phone call to the caretakers(s), or make a brief home visit. CA may send the intake to an Early Family Support Service or other community agencies which are willing to accept the intake for services and/or monitoring. DLR/CPS may not use alternate intervention.

[3B],[3N],[3O],[3P] All of the children were listed on the intake under participants.

[3B],[3N],[3O],[3P] The intake was screened out.[5]

[7] Findings are determined when the investigation is complete and are based on a preponderance of the evidence standard. Unfounded means the determination that, following an investigation by CPS, based on available information: it is more likely than not that child abuse or neglect did not occur, or there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur. The next intake CA received regarding the family was on June 6, 2016. [redacted] [3B],[3N],[3O],[3P] The Snohomish County Sheriff's Office conducted a criminal investigation at the same time as CA's investigation regarding this allegation.

A second intake was received [redacted] [3B],[3N],[3O],[3P] T.K. was listed on both intakes as a participant. The assigned social worker made repeated inquiries into T.K.'s whereabouts to arrange an interview. The mother provided numerous differing statements regarding the whereabouts of T.K. The CPS investigator asked the assigned detective to assist with locating T.K. but the case was closed prior to locating the child.

On October 29, 2016, the Snohomish County Sheriff's Office notified CA that they had placed T.K.'s siblings in protective custody. Law enforcement took possession of a container that the mother advised held the remains of T.K. Law enforcement provided the container to the medical examiner's office for investigation.

Committee Discussion

For purposes of this review, the Committee mainly focused on case activity from the time T.K. was born until the time CA was made aware that her body was provided to law enforcement.

The Child Protective Services investigator documented that he told the mother that if she did not produce T.K. for assessment purposes he would conduct a Family Team Decision Making[9] (FTDM) meeting and/or pursue legal intervention. The Committee discussed that, often times, child welfare work is supported by the utilization of shared staffings or multi-disciplinary team (MDT) staffings which can include other partnering agencies such as law enforcement. This case may have benefited from utilization of an MDT, child protection team staffing or Family Team Decision Making meeting before closing out the case in September of 2016. The Committee believes it would have been appropriate for the CPS investigator to have followed through with the stated options.

The Committee also acknowledged that in order to comply with best case practice standards as well as policies, CPS workers may have to utilize legal interventions if a parent is refusing to produce a child for assessment purposes. The hope is that less intrusive actions such as an FTDM would lead a family to produce the child but if this fails, then CA must make all efforts to locate that child and assess for safety. One of the CPS investigators told the mother that these two options may become necessary if she did not produce T.K.; however, neither were utilized prior to the closure of the case.

A brief discussion occurred surrounding the issue of adequate pay as it pertains to recruitment and maintenance of consistent and well-trained staff. Also shared during this conversation was the ongoing issue of vacancies and movement within the agency that impacts stability within the offices.

Lastly, the Committee noted a lack of consideration during each of the investigations as it pertained to the parent's history [3B],[3N],[3O],[3P] Incident-focused investigations may lead to incomplete

investigations, possibly leaving children in unsafe situations. The Committee understood that it can be challenging to find the time to read a family's history in FamLink or MODIS (CA's archived case file system). However, it is imperative that staff understand the history of a family is important in assessing its current functioning and ability to provide for the safety of the children. The Committee also struggled with the period between 2010 and 2016 when there were no referrals. The Committee believes it would have been appropriate to ask the family as to what was working well for the family or where the children were during that time period. This curiosity can aid staff in conducting a more fruitful investigation.

Findings

The Committee identified areas where alternative choices or case practice by CA may have benefited the family. While no critical errors were identified, the Committee identified the findings below as areas for improved practice.

The Committee believed that the intake from July 22, 2010 should have screened in for an investigation. The Committee discussed the appropriateness of calling the mother and utilizing her statements in the decision to close out the intake at screening. Prior notes entered under T.K.'s father's case indicated that the mother told the case worker the child was [3B],[3N],[3O],[3P] that she denied to the intake worker therefore providing conflicting information.

There was a lack of comprehensive assessment regarding the children's needs and safety throughout both the mother's and father's cases. The Committee believes the mother's lack of cooperation during the [3B],[3N],[3O],[3P] [3B],[3N],[3O],[3 and refusal to produce T.K., should have caused more curiosity by CA. CA could have taken the legal steps available to it through the juvenile court to have T.K. produced and filed a missing child report with law enforcement.

The Structured Decision Making Risk Assessment tool used by CPS to assess future risk of harm to the children. The Committee noted that the SDMRA was completed without including T.K.

The case was closed prior to an assessment of or contact with T.K. Policy states that prior to the completion of the Safety Assessment, face-to-face contact is required for all children who are not identified as victims but are related to the household.[10]

Recommendations

CA should consider having all case carrying staff attend training related to open source searching. These trainings aid investigators who are searching for people through free sources on the internet. While it is particularly pertinent in this case, it would be beneficial in other cases where children may be on the run or missing from care.

[3B],[3N],[3O],[3P]

The Committee participants have identified that the loss of [3B],[3N],[3O],[3P] professionals stationed within DCFS offices may have decreased staff's engagement with families regarding [3B],[3N],[3O],[3P] issues. The Committee recommends that CA reconsider this partnership.
