Subject: Re: [Ext] NIH FOIA 45716

Dear Katherine,

I wanted to check in regarding this request. I am concerned that, despite the passage of more than 6 months, we have not received documents. Can you please advise regarding the status of your production.

Kind regards,
Jennifer Bragg

Ms. Bragg,

Regarding your FOIA request for records regarding Vtesse that we discussed. I will be able to send you records on a rolling basis. The NCATS records need to go out for predisclosure notification and I will send those out today. Those should be back and available for release in the next few weeks. The NICHD records will be released in about a month depending on how long the cases in front of it takes.

Regards,

Katherine Uhl
