In the alternative, after careful review for the purpose of determining whether any of the information is exempt from disclosure, please provide all reasonably non-exempt portions of records and communications as required by FOIA.

Should you elect to invoke an exemption, please provide the required full or partial denial letter and sufficient information to determine whether or not there may be grounds to appeal EPA’s decision. In accordance with the minimum requirements and regulations of due process, this information should include:

Basic factual material, including the originator, date, length, and addresses of the withheld items.

Explanations and justifications for denial, including the identification of the exemption applicable to the withheld information or portions of the information found to be subject to exemption, and how each exemption applies to the withheld material.
