Subject: Presentation at DWR
Attachments: NHC letter to NCDEQ.PDF; Lot_25_driving_directions_2017.pdf

Dr. Knappe,

Thanks for agreeing to come in and speak this Friday, June 16th. I have made arrangements for a room in the Archdale Building, Room 1109, from 1 to 3 PM (512 N. Salisbury St., Raleigh).

We will have a mix of wastewater engineers, hopefully some lab techs, and upper management personnel, about 20-22 people. If you could speak a little on the test method you used to analyze the samples that would be great. Hoping this time works for you – please let me know.

I have reserved parking space 104 in Lot 25 for you – directions are attached.

The Deputy Director asked me to forward the letter DWR received from New Hanover – that is attached as well. Looking forward to seeing you on Friday.

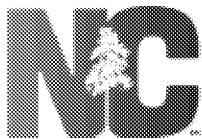

Thanks,
Julie

Subject: RE: Letter from New Hanover County regarding Drinking Water

Dear Ms. Ravitz,

Thank you for your letter concerning water service from the Cape Fear Public Utilities Authority (CFPUA). Representatives from my Department have been in contact with Chemours, the Cape Fear Public Utilities Authority, the U.S. EPA and elected officials representing the district. Although North Carolina is awaiting guidance from the U.S. EPA, I join you in your concern. The Department of Environmental Quality is working diligently with all partners to ensure we evaluate the nature, extent and potential impacts of GenX. We will also continue working with Chemours to assess waste streams containing GenX and the potential for reducing the amount of the chemical compound being discharged to the river while we evaluate this matter.

I, and members of my senior team stand ready to join New Hanover County, CFPUA, the City of Wilmington, Chemours and local community leaders in a meeting next week in Wilmington. We are committed to working with all interested stakeholders to address this potential public safety matter swiftly and thoroughly. If I can be of further assistance, please don't hesitate to contact me at Michael.Regan@ncdenr.gov or 919-707-8622.

Thank you,

Michael S. Regan
Secretary
NC Department of Environmental Quality

Subject: Letter from New Hanover County regarding Drinking Water

Dear Secretary Regan,

I am sending this letter on behalf of County Manager Chris Coudriet.

Please have your staff contact me should you need additional information. I can be reached on my mobile phone: 910-899-2590 or in the office on Monday.

We expect to hear early next week from the Chemours Company on when they can be available to meet in Wilmington.

Thank you,

Ruth
