

Good afternoon. I am available any day in the next week and a half to speak, but Erik will out of the office a fair amount over the next several weeks. If you want to meet with both of us, next Friday (May 26) may be the soonest. Next Thursday (May 25) may work too as I am available 8:30-10:00 or after 2:00 and Erik said he is available that day. If the end of next week is too late, please let me know.

Seth –

I just wanted to give you a heads up that we are working with DOJ to make production requests for the information and devices related to the Presidential Transition Team that we had asked you preserve back in March. I'm copying SSA [REDACTED] on this email. He will be leading the effort on this investigation going forward as Pete has been promoted and moved on to other matters. It may make sense for [REDACTED] to talk to you and/or Mr. Simmons to get a better sense of the scope of the material before we make specific production requests.

I will be working out of our Chicago Field Office for the rest of the week, but I've copied [REDACTED] on this email if you'd like to coordinate through legal channels.

Thanks,

Lenny -

[REDACTED] apologize for the delay. As I just explained to Brett, I was able to coordinate with both [REDACTED] and the Special Counsel. We ask that you continue to preserve the stored communications, records, and electronic media as previously requested in a manner that maintains the integrity of both the content and the metadata of the information. We have no objection to you indicating to others who request the materials that you are under preservation obligations from the Department of Justice/FBI. As I discussed with Brett, we hope to set up a call next week to discuss production of the materials being preserved.

**Date:** Thu, 8 Jun 2017 11:27:06 -0400

I spoke with [REDACTED] from Special Counsel Mueller's staff. We spoke about the document request from the PTT attorney and how GSA views the records. I explained GSA's support in Transition (e.g., provide office space, equipment, and other administrative support), and that GSA does not view the records in question as GSA records in both a Federal Records Act and FOIA context. Therefore, I see GSA simply as in custody of the documents, but that they are PTT documents. I also explained normally GSA would destroy the records and wipe the machines, but given the news cycles, GSA decided it was prudent to inquire about preservation during the machine wiping process, so we reached out to the IG, who contacted the FBI or DOJ and got the ball rolling for GSA's preservation of records. The records were copied and are on a thumb-drive so no access to anything else needs to be done right now to provide copies.

b6  
b7c

[REDACTED] and I spoke about others' access to the records and I said I saw three buckets, (1) PTT, (2) general public, and (3) law enforcement. I stated I saw these as PTT records and they should be given copies as I see no legal reason at this time to withhold the records from the PTT. Then I explained that I do not think the general public has a right to these documents from GSA based on my position regarding the Federal Records Act and FOIA, as well as some FOIA case law on the topic. Finally, as for law enforcement access to the records, I stated that I thought a subpoena was necessary as they are not GSA's records (as detailed before) and that a subpoena will remove evidence admissibility issues if there is a prosecution of someone in the future, but I ultimately defer to law enforcement on the issue of a need for a subpoena.

b6  
b7c

We also briefly spoke about the PTT's request. I explained that my understanding is that they initially had a civil matter which they thought would be easily won by motion, but then they received a document preservation and production request which I was told from the Senate Intelligence Committee which led to the request for the copies. I was also told the PTT expected a DOJ/FBI/Special Counsel request. In addition, I mentioned that the PTT did mention access to machines, but I explained GSA will not allow that given the possible impact on evidence.

[REDACTED] thanked me, said our conversation was extremely helpful and informative, and that he will speak with others there and get back to me regarding the PTT's request and possibly what they may want from us.

**Subject:** E-mail for Record of DOJ Call  
**Date:** Fri, 16 Jun 2017 17:22:44 -0400  
**From:** Seth Greenfeld - LG <seth.greenfeld@gsa.gov>  
**To:** Richard Beckler - L <richard.beckler@gsa.gov>, Lennard Loewentritt - L <lenny.loewentritt@gsa.gov>

**MD5:** 2612bfbeb1a504c2ec62f3d62ad1ddb2

This e-mail documents a conversation this morning between the three of us and [REDACTED] from the Department of Justice (Robert Mueller's staff). I am sending an e-mail so it is date and time stamped. We called [REDACTED] cell phone [REDACTED] from Richard's office around 9:30 am and he was in the Metro system.

b6  
b7c

Richard explained that GSA is in receipt of various record hold and production requests for Presidential Transition Team (PTT) records that are in the physical custody of GSA based on GSA's administrative support to the PTT. The requests are from DOJ/FBI, Senate Select Committee on Intelligence (SSCI), and the PTT. The Agency does not consider them to be GSA records, and GSA does not claim ownership or know what information is detailed in the records or subject to a claim of privilege as GSA has never looked at the content of the material, and GSA thinks the DOJ/FBI, SSCI, White House, and PTT need to discuss how records in GSA's possession will be addressed as GSA is just like a warehouse. Those entities need to discuss review and production. Richard explained GSA wants to be cooperative but feels GSA does not have a claim to the records other than it is storing the material, which the Agency will continue to do until further direction is received. [REDACTED] was also told that the three of us spoke with [REDACTED] yesterday and that [REDACTED] is an attorney representing the PTT. It was relayed to [REDACTED] that [REDACTED] said the PTT has its own document hold and production requests from the House and Senate Intelligence Committees and they expect one from DOJ. The requests were generally described to us but the written requests were not actually shared with us.

b6  
b7c

[REDACTED] explained that the FBI and Special Counsel are working hand in hand. Up to this point, DOJ was trying to determine what the records were and other parameters around what GSA potentially has in its custody, and GSA has been very helpful in answering those questions, but, that as of today, GSA is not being asked to send any PTT documents to DOJ. DOJ will decide how to proceed and if records are requested from GSA, a subpoena will be issued or a search warrant will be executed. Brief mention of classified communications between GSA and DOJ was made, and Richard explained that he still does not have his Top Secret clearance and Lenny is the point person for GSA OGC on that.

[REDACTED] asked if GSA could share copies of the letters GSA received from SSCI and Lenny informed him that the June 12, 2017, letter was sent to [REDACTED]. [REDACTED] said he will get a copy from her. [REDACTED] also asked if he could see the documents that the PTT sent GSA the day before regarding the creation and management of the 501(c)(4) which was basically the PTT. Richard said he would review the documents from [REDACTED] and see if anything should or could be sent to [REDACTED].

b6  
b7c

[REDACTED] expressed that DOJ will discuss internally a way forward and get back to GSA. As Richard was sharing his direct contact information, the call was terminated. A message from [REDACTED] to me a bit later conveyed that he lost his cell signal while on Metro. We did not call back.

If you believe I neglected to capture anything relevant to the call, please let me know.

Good morning.

I hope you had a great day off. I forwarded this message to OGC – thank you for having Duane send it. OGC was more specific with me and wonder if you could perhaps write a letter or email which provides details of the contract (e.g., a number) in addition to the POC already provided by Eric Simmons. Also, if they could give us authorization for requesting that the third party contractor also be compliant with the FBI request, that may be important to [REDACTED]. That's just speculation on our part but we want this to go smoothly. I have meetings most of the morning. If you have questions, let me know and I can put you in touch with [REDACTED].

Good evening, everyone.

Today, [REDACTED] and I have a conversation with [REDACTED] DISA OGC (and who is cc'ed), concerning the computer equipment held by GSA that DISA provided service for. [REDACTED] indicated that DISA concurs with following same procedures for obtaining that equipment as we have established for FBI requests to GSA; namely, it will be provided to the FBI via consent, the FBI will maintain custodial possession only; and then the FBI will seek legal process prior to gaining access to any devices held within custodial possession.

To that end, please know that the FBI [REDACTED]

Office of Administrative  
Services  
FOIA Requester Service Center

February 16, 2018

Mr. Jason Leopold  
BuzzFeed News

Dear Mr. Leopold:

This letter is in response to your U.S. General Services Administration (GSA) Freedom of Information Act (FOIA) request (GSA-2018-000357), submitted on December 16, 2017, in which you requested the following:

- “1. All segregable Donald Trump Presidential Transition Team emails from transition team member accounts.
2. Any and all correspondence exchanged between GSA and the Office or Special Counsel Robert Mueller. This includes but is not limited to letters, emails and memos.”

As stated in our February 2, 2018, interim release, we are in the process of consulting with agencies with a substantial interest in the responsive records to obtain their views on disclosure and will release records on a rolling basis once a release or denial decision has been made.

Please find the enclosed documents as our second interim release to your request. After consulting with the DOJ, FBI and DISA, we have withheld personal identifying information to include the names of Special Agents and contact information for FBI employees. We also withheld the names and email addresses for military personnel and federal employees in sensitive occupations, along with the name of an attorney representing the Presidential Transition Team. This is done in accordance with the sixth and/or seventh exemption of FOIA, 5 U.S.C. § 552(b)(6) and (b)(7)(C), because public disclosure of this information would constitute a clearly unwarranted invasion of personal privacy.

We also withheld information in accordance with the seventh exemption of FOIA, 5 U.S.C. § 552(b)(7)(A) and (b)(7)(E), because public disclosure of this information could reasonably be expected to interfere with enforcement proceedings, and/or would disclose techniques and procedures for law enforcement investigations or prosecutions. In addition, we withheld in full a five page document pursuant to the sixth and seventh exemptions of FOIA, 5 USC 552(b)(6) and (b)(7)(A),(C), and (E), because it is currently under seal.

As we have redacted information referenced in the above paragraphs with the aforementioned FOIA exemptions, this constitutes a partial denial of your FOIA request. As such, you may
