Denise,

I left you a vmx earlier this morning. For some reason the email you sent yesterday (below) says its from Candace White - odd. At any rate, I received and reviewed the attached letter and certainly would like the opportunity to discuss with you. Primarily, I'm concerned as to why this FOIA request would involve multiple offices other than the Administrator's, a primary reason why the agency is estimating that it will take until September 2019 to respond. I've asked for Mr. Vance's photographic/video records - I understand he is Mr. Pruitt's photographer, and I've also requested the photos on EPA's Intranet - all of those documents should be housed and/or accessible within the front office I believe. If not, I'd like to understand why and perhaps we can narrow the scope of the request accordingly.

The flickr website you directed me to in your letter has nothing more recent, from what I can tell, than 2015. This FOIA is requesting documents from the start of Mr. Pruitt's administration.

I look forward to hearing from you soon.

Best, Mary
