**Subject:** Your FOIA request 17-02176-F

Hello Ajmel:

I apologize for the delay in sending you my understanding of your FOIA as we previously discussed. Other FOIAs that OCR received before yours have been occupying my time. I promise, however, that by the end of today, I will send you what I understood you to say you are seeking in your request.

However, you still need to provide some search terms or ideas for the email searches. Also, if I remember correctly, you were going to do some research and determine if there were specific staff/or perhaps more importantly, persons serving in certain roles in the Secretary's Office whose emails you were interested in having searched, because, your request as submitted, is very broad.

I am working at home today and can be reached by the above email or by cell, 703-635-6581

Thank you.

Sally Dunaway
