RE: Request to provide comments at the February 20, 2015 Alabama Environmental Management Commission (AEMC) Meeting.

Dear Mr. Brown,

My name is Oliver Robinson and on behalf of the concerned citizens working and residing in North Birmingham, I am requesting an opportunity to provide comments at the AEMC meeting scheduled for February 20, 2015. As you may know, on September 22, 2014, the Environmental Protection Agency (EPA) published its proposal to list a segment of North Birmingham on the National Priorities List (NPL). As a result of this proposal, several segments of North Birmingham have either already been greatly impacted or have the potential to be impacted in the near future, the particulars of which have yet to be presented to AEMC.

As a state legislator and representative of a district adjacent to the North Birmingham superfund site, it is my duty to ensure that the North Birmingham community is adequately represented to relevant State organizations such as AEMC. The health and general welfare of our community depends, in large part, on AEMCs continued willingness to hear and actively engage in matters that are critically important to them. This NPL proposal is one such matter.

Thank you in advance for your time and consideration in addressing this request. We look forward to your response.

Respectfully,

Oliver Robinson
