To: "whatman: sppgrp.com" <whatman@sppgrp.com>, Raydirossi@gmail.com

Sorry about the last minute "tweaks" from Faber and Widener. Part of this process is letting them see how few options you had.

I am still committed to ending up with a map that Speaker Boehner fully supports, with or without votes from two members of leadership.

I spoke with Stivers Sunday morning and know he does not support the Widener change putting him over to Wright Pat.

I am available if we need to talk.

tom
