Subject: USCIS Case For naturalization

Message: Dear sir madam

My name is Jawad Abasi, I am contacting you in regards to my USCIS case status for naturalization N400
Last time I spoke with an info pass officer. They said my case is under FBI investigation and it usually takes 3-9 months, so they asked me to wait. But now it has been more then 10 months that I have filed for citizenship. I worked for the US government as a Department of Defense contractor while deployed to Afghanistan between 2013 and 2014, before returned back to the US in order to obtain my citizenship and obtain a clearance level before get deployed again. I am currently unemployed for the past two years and in severe financial crisis because of the delays on my citizenship. I can't afford my bills any more I was living on my saving got addicted to gambling and lost almost everything, I owe money to a lot of people.I need some answers and action on my case and the status of my case. In order to get my citizenship and job back. I know I am not the first person with this kind of situation. But considering my age my work status and my background. I don't know why is the FBI or USCIS putting so much delays on my case. I was only 18 years old when I got deployed and was I was 20 when I returned from deployment. Now I am 22 years old broke,frustrated, depressed, and in severe financial crisis because of this situation. Please expedite my case status and the investigation. To work for the United States government again using my linguistic skills to help maintain the safety and security of US forces. Thank You

Subject: STADIUM FINANCING

Message: Mayor Faulconer,

I am a longtime San Diego resident and consider myself temporarily relocated with the intent to return upon my federal retirement. Further, prior to my move I was a Chargers season ticketholder.

I work for a program in DC that may be a way to finance the stadium with less and possibly no taxpayer dollars needed to fund. The Department of Homeland Security, US Citizenship and Immigration Service has a visa program for foreign investors to gain visas when investing funds in the United States. Investment is between \$500K-\$1M per investor.

The Immigrant Investor program EB-5 uses Regional Centers to coordinate projects. I know there are existing programs in the San Diego area that could maybe be worked with to develop a plan.

I wanted to bring this program to your attention as a possible way to assist in the finance of a new stadium.

V r
Renee Joseph

Subject: Re: Elimination of \$3 trillion budget State-County Government
Date: Saturday, February 07, 2015 10:12:15 AM

Currently, our \$4 trillion annual budget Federal government only has Courthouses throughout US Cities, which means federal government can only sue/charge people and business it discovers or knows and so most people, businesses and local government want to avoid federal government at all cost for the fear of being sued, imprisoned or losing money, property or income they have. Although Federal government has more than 12,000 agencies, very few are actually functional and most are just waste, and since they are all located in Washington, DC area, to most City residents Federal government seems like far Sunlight or close USPS/FedEx/UPS Mailbox.

So federal government will have throw it's sue and charger in DC towel and come closer to towns with direct benefits to 35% federal taxes they pay each year. Federal government will have to spend \$15 billion (\$500 million each for 30 federal buildings) purchase/construct a permanent federal building in 30 major Cities such as 1)New York(Manhattan), 2)Brooklyn, 3)Queens, 4)Bronx, 5)Long Island, 6)Jersey City, 7)Boston, 8)Philadelphia, 9)Washington, 10)Chicago, 11)Atlanta, 12)Houston, 13)San Antonio, 14)Phoenix, 15)Los Angeles, 16)San Diego, 17)San Francisco, 18)San Jose, 19)Seattle, 20) Portland, 21) St. Paul, 22) Indianapolis 23) Columbus 24) Charlotte 25) Detroit 26) Miami 27) Denver 28) Salt Lake City 30) Las Vegas. And following important US agencies will have offices in each 20-floor Federal building which will be 9shock/fire proof, e.g. San Francisco Federal building is newest building but has very limited capacity to accommodate many federal agencies and employees. GSA has been wasting much federal budget on leased/rental or useless federal properties which should be sold and it should be part of \$15 billion City Federal Building (CFB) program under HUD/GSA.

On February 6, 2015 at 6:26 PM Ben Sharman <ben@fedreform.net> wrote:

US military and intelligence is another dysfunction that drove US economy into \$18 trillion debt since 2000/9/11 and Iraq war, and seriously effected economy of every City in US. The problem with US military is that it has huge budget but it has too many and too cheap employees, therefore DOD will have to reorganize it's \$585 billion annual budget to recruit and train good quality staff from best US and foreign Universities, Non-profits and Private companies. The current US military organization is prejudiced and disorganized with too many bogus ranks, sexual/physical abuse and lower pay grades with no responsibility description, and that's the main reason why more than 50% innocent Americans are targeted by some clandestine EEG/HAARP electronic-surveillance, organized-stalking and mind-control programs which has made them mentally-ill, poor, disabled, homeless and they are harassed 24x7 by local communities because of lies spread by organized-stalkers in every city in US.

New United States Military (DOD \$585 billion budget) will have 9-Divisions and only 17-Ranks.

Top civil rank: Secretary of Defense, total annual salary \$5 million, reports to US President (Annual salary \$15 million a year to eliminate many government wastes)

Each of 9-division generals are paid a annual salary of \$4 million and they report to Secretary of Defense. Remainders of military employees are paid annual salary between \$1 million and \$55,000. Each military personnel will be recruited by Military-recruiter in local federal

buildings in each major US City such as New York, Chicago, Los Angeles, San Diego, San Francisco, Denver, Phoenix, Atlanta, Houston, Seattle, Philadelphia, WashingtonDC etc. A 20-story federal building will not only have Courthouse but other important federal departments such as DOD, NSA, CIA, FBI, DHS, DOE, DOT, HHS, SSA, USCIS, HUD, ED, SBA, DOC, FCC, SEC, FTC, ITC, IRS, DOL, EEOC, Civil/Human Rights Division, USDOJ etc.

Military Rank	Airforce	Navy	Marines	Army	Defense Intel	Elec/Cyber Defense	Bio/Chem Defense	Coast Guards	National Guards
M1 \$4 mil	General of AF	General of Navy	Gen of Marines	General Of Army	Gen of Marines	Gen of ECD	Gen of BCD	Gen of CG	Gen of NG
M2 \$1 mil	Chief of Staff	Chief of Staff	Chief of Staff	Chief of Staff	Chief of Staff	Chief of Staff	Chief of Staff	Chief of Staff	Chief of Staff
M3 \$700,000	Lt. General	Lt. General	Lt. General	Lt. General	Lt. General	Lt. General	Lt. General	Lt. General	Lt. General
M4 \$500,000	Mj. General	Mj. General	Mj. General	Mj. General	Mj. General	Mj. General	Mj. General	Mj. General	Mj. General

M7 \$210,000	Lt. Colonel	Lt. Colonel	Lt. Colonel	Lt. Colonel	Lt. Colonel	Lt. Colonel	Lt. Colonel	Lt. Colonel	Lt. Colonel
M8 \$185,000	Captain	Captain	Captain	Captain	Captain	Captain	Captain	Captain	Captain
M9 \$160,000	Lt. Captain	Lt. Captain	Lt. Captain	Lt. Captain	Lt. Captain	Lt. Captain	Lt. Captain	Lt. Captain	Lt. Captain
M10 \$140,000	Chief Sergeant	Chief Sergeant	Chief Sergeant	Chief Sergeant	Chief Sergeant	Chief Sergeant	Chief Sergeant	Chief Sergeant	Chief Sergeant
M11 \$120,000	Airforce Instructor	Navy Instructor	Marines Instructor	Army Instructor	Intel Instructor	ECD Instructor	BCD Instructor	CG Instructor	NG Instructor
M12 \$100,000	AirForce Supervisor	Navy Supervisor	Marines Supervisor	Army Supervisor	Intel Supervisor	ECD Supervisor	BCD Supervisor	CG Supervisor	NG Supervisor
M13 \$90,000	Airfoce Recruiter	Navy Recruiter	Marines Recruiter	Army Recruiter	Intel Recruiter	ECD Recruiter	BCD Recruiter	CG Recruiter	NG Recruiter
M14 \$80,000	Tech Sergeant	Tech Sergeant	Tech Sergeant	Tech Sergeant	Tech Sergeant	Tech Sergeant	Tech Sergeant	Tech Sergeant	Tech Sergeant
M15 \$70,000	Staff Medic	Staff Medic	Staff Medic	Staff Medic	Staff Medic	Staff Medic	Staff Medic	Staff Medic	Staff Medic
M16 \$60,000	Airman	Sr. Seaman	Corporal	Cadet	Agent	Engineer	Sr. Biologist	Sr. Coastman	Guardman
M17 \$55,000	Airman (21Yr. old)	Seaman (21Yr. old)	Corporal (21Yr. old)	Cadet (21Yr. old)	Agent (21Yr. old)	Engineer (21Yr. old)	Biologist (21Yr. old)	Coastman (21Yr. old)	Guardman (21Yr. old)

DOD will be brought closer to academic institutions like Harvard, Yale, Stanford, Columbia, Princeton, MIT, Berkeley, UCLA, UCSF where undergraduate/graduate/doctorate students will join as intern and develop things like Internet, Software, Hardware, National Security, Public Safety, Public Policy, Budgeting, Industrial/Economic Development, Digital government, Electronics, Nano Medical Devices, Disease-Discovery and Diagnostics System (DDDS), DNA/StemCell, Molecular/Cellular therapy, Psychology and Vaccines.

To prevent exploitation, the minimum age requirement for military recruitment should be 21 years and minimum military salary should be \$55,000 a year so students/interns can at least payoff their student debt. The senior military leaders will be paid a equivalent salary of private defense company, so DOD can recruit the best leaders in top military ranks, after-all \$585 billion is a lot of military-money, \$8 trillion is a lot of government-budget, 3.8

million sq miles is a lot of land and 320 million are a lot of people to manage and good leaders, managers, employees and workplaces cannot be cheap, they are made through a lot of good and bad experiences which costs Relationships, Opportunities, Health, Time and Money (ROHTM).

New York City on the other side has grown too big city with population more than 8.4 million. It also has conflicting/inefficient city government with 5 boroughs, 5 counties and City debt more than \$110 billion despite it's annual City budget is \$75 billion which suppose to be \$58 billion at a BPP of \$6,875. So New York City will be divided into 5 separate cities with 5 Mayors to effectively manage New York City and reduce it's City debt. Over populated city areas will be cleaned up by moving city ghettos to existing New York State Suburbs.

- 1) New York, US (Existing Manhattan borough renamed New York, thats what NYC is) 1,626,159 people, city budget \$11 billion, mayor Bill Blacio
- 2) Brooklyn, US 2,592,149 people, budget \$17.9 billion, mayor new
- 3) Queens, US 2,296,175 people, budget \$15.8 billion, mayor new
- 4) Bronx, US 1,418,733 people, budget \$9.6 billion, mayor new
- 5) Staten Island, US **472,621 people, budget \$3.3 billion, mayor new**

Each of these 5 mayors will be paid a total annual salary of \$1 million to get big NYC from \$110 billion debt, improve it's infrastructure, Universities, Hospitals, Schools, Libraries, Courts, Police/Fire/EMS department, City Hall and Treasury.

And then I'll decide whether I should relocate from Stanford to NYC. It seems like it's a good idea for me to go to Stanford University and get some useful knowledge instead of relocating to NYC.

Ben

- 1) Stanford 13,809
- 2) Palo Alto 66,642
- 3) Menlo Park 33,071
- 4) Atherton 7,159
- 5) Woodside 5,481
- 6) Partola Valley 4,518
- 7) Los Altos Hills 8,334
- 8) Los Altos 30,010
- 9) Mountain View 76,260

Stanford City Hall located at El-camino & Galvez, website: <http://stanford.usa.gov>

Margerite free shuttle will become DOT, Stanford extended throughout new Stanford city limits and it'll be funded by Stanford City.

And following Cities will be consolidated to form one medium-city called "Sunnyvale, US" with population about 499, 658 and annual budget of \$3.4 billion

- 1) Sunnyvale 147,559
- 2) Cupertino 60,189

- 3) Santa Clara 120,245
- 4) Milpitas 69,783
- 5) Saratoga 30,907
- 6) Campbell 40,584
- 7) Los Gatos 30,391

Sunnyvale City Hall located at El-Camino & Santa Clara transit center, website: <http://sunnyvale.usa.gov>

Sunnyvale City will operate its own DOT, Sunnyvale with annual budget \$250 million, and it'll be free shuttle service for Sunnyvale City.

Santa Clara University will be renamed Sunnyvale University and it'll get \$2 billion annual fund from federal government to join national autonomous university league.

San Jose City will be renamed Campbell City (to avoid being confused with San Jose in Costa-Rica) with population about 1 million and it will remain a big city in bay area with annual budget \$6.8 billion and existing San Jose University (SJSU) will be renamed Campbell University, it'll be get \$3 billion annual fund from federal government to join national autonomous university system.

Existing Santa Clara Valley Medical will be renamed Campbell Hospital with annual budget \$2.5 billion affiliated to Campbell University.

Existing Valley Transportation Authority (VTA) will be renamed DOT, Campbell with annual budget of \$500 million and it'll be free shuttle service for Campbell city (existing San Jose).

Campbell City Hall (existing SJ city hall) will be located at El-camino and 4th, website: <http://campbell.usa.gov>

US department of transportation (DOT) will connect all US Cities-DOT and launch a DOT mobile app for local shuttle schedules, fare payment, boarding pass and other local transit information using mobile GPS.

US DOT will outsource maintenance of freeways and roads in each city limits to City publicworks but it'll take overall maintenance, safety and security of \$500 billion worth National (existing Interstate) Highway System (NHS).

USDOT will spend \$60 billion each year to modernise NHS, install Highway cameras, safety sensors and GPS/SAT based Transportation Security Systems (TSS) in each registered vehicle under City-DOT jurisdiction to prevent automobile accidents, theft and other related crimes.

Under USDOT authorization each City Hall will issue Drivers License, Pilot License and Marine License within it's jurisdiction but it'll be valid throughout US.

USDOT will take overall modernization of Airports, ATC, and Ocean-ports but City in it's jurisdiction will assume everyday operations and regulations.

Depending of City economics, it can adjust City Income Tax (CIT) and City Business Tax (CBT) from minimum 5% to maximum 10% to meet it's City budget requirements. People living in each City will be required to file their City and Federal Income/Business Tax with City Tax Department located at 5th floor in each City Hall, a city hall will be 20-storied to colocate all city services in one building to lower operations cost and it'll be more convenient for city population.

And each City Hall will issue City Resident Card (CRC) with picture and live fingerprint verifier to effectively manage its resources, services and protect people within it's city limits from covert electronic-surveillance, organized-stalking and mind-control experiments which has made many victims unemployed, poor, homeless, mentally-ill or physically disabled by microwave, toxic chemicals or viruses. I have been a targeted-individual in California for 10 years and these government reforms are must for survival of educated, spiritual and wealthy American people.

Ben

Subject: San Diego Answers
Date: Wednesday, January 28, 2015 12:29:02 PM

Hello,

My name is Amos Stone and I work for an organization within the federal government at the General Services Administration who builds software in an agile and open fashion; 18F (<https://18f.gsa.gov>).

I am working on a project for the US Citizen Immigration Services to redesign my.uscis.gov and create a simple question/answer interface for users to find the information they are looking for. This *answers* application is based upon Honolulu Answers, a Code for America project (<http://www.codeforamerica.org/apps/honolulu-answers/>). This is now an active open-source project: <https://github.com/18f/answers>.

As a San Diego resident, I would like to create a **San Diego Answers** instance. Do you know how we could get this rolling? I could shoulder the efforts of technical knowledge share or even the actual implementation, if possible. The hosting environment is completely automated and can be built in a matter of minutes using Amazon Web Services.

Current implementations of the Answers Platform:

- myUSCIS - <https://my.uscis.gov>
- Oakland Answers - <http://answers.oaklandnet.com/>
- Tucson Answers - <http://answers.tucsonaz.gov/>

Thank you,

Amos Stone

Subject: As promised the screen shot of San Diego Border Patrol Union 1613 tweeting about hunting humans
Date: Tuesday, February 21, 2017 12:47:35 PM
Attachments: [Screen Shot 2017-02-19 at 8.49.33 AM.png](#)

Dear Mayor Faulconer,

My name is Tabitha Warren and I called your office today to let you know that the San Diego Border Patrol Union 1613 has has a tweet on their twitter page that is incredibly offensive. It is a quote from a Hemingway story, touting the joys of human hunting. Along with this quotes are numerous hashtags, including #BuildTheWall, #EnforceTheLaw. It has been up since February 2nd. Once people saw this quote on their page, it went viral, and they tried to lock down the page so no one could see it, but those that could said as of yesterday, it was still there. But even as they have tried to cover it up, I have a screen shot, it did go viral, you can probably find the original post on the Alt Immigration twitter feed @ALT_USCIS.

Here is the screenshot as proof, please address this. This is not an attitude any American government office should be taking. It is heinous and inhumane at best, and in no way makes America great again, in fact, it brings us all down. I don't know how else I can describe to you the pain and fear I feel when I see this post, and how it was framed on their twitter feed. It made me sick to my stomach. Again, we made it go viral, posted it as far as we could, including on Chelsea Clinton's twitter feed, so you can easily find it. You might also still be able to find it on the Union feed, unless they have tried to erase it.

Sincerely,
Tabitha Warren

[REDACTED]

February 23rd, 2018
To Whom It May Concern,

I apologize for taking your time, but certain circumstances have forced me to inform my House Of Representative Duncan Hunter, California Senators Kamala Harris and Dianne Feinstein, California Governor Jerry Brown, and San Diego City Mayor Kevin Faulconer about an issue for which both me and my wife seem to be given a runaround for more than three months now. At this moment, it is as if my wife does not have a legal status to be in USA because her conditional Permanent Resident Alien expired in November 2017. I, George Vukovich, have lived legally in United States since 1988, have lived almost my entire life in San Marcos, CA and am a US Citizen since 2002.

According to the USCIS rules, I and my wife, whom I have met in 2013, have applied for my wife to enter United States through K-1 visa. At that time, there were no issues whatsoever and she was able to enter United States in February 2014 on K-1 visa. As required by the USCIS rules for K-1 (fiancé visa), we were married in March 2014, 6 weeks earlier than the expiration of 3 months. Immediately, we sent and completed paperwork to the USCIS, included the necessary fees. During the interview at USCIS office in downtown San Diego, there was only one issue, which was quickly resolved and my wife received her conditional Resident Alien Card (valid for two years) within two weeks of that interview. Although we had a civil marriage in county clerk's office in San Marcos, we also had a church wedding service in February 2015, as per our traditions. Our son Milutin was born in November 2015.

As my wife's conditional resident alien status was approaching its expiration, we completed and sent all the forms necessary and paid the fees to the USCIS. On November 18, 2016, we received the I-797 (Notice of Action) letter confirming that USCIS has received the letter, her legal status has been extended for an additional year and that we should be receiving a letter for a biometrics scan appointment. For over a year, nothing was received from USCIS.

On January 12th, 2018, I and my wife decided to call the USCIS hotline to find if there were any issues. We were informed that they did send the letter for a biometrics scan appointment. We explained that there were no letters received from USCIS since November 2016. Once again, USCIS officer informed us that they will send a letter for the appointment. Furthermore, USCIS office asked us to call back if we do not receive a letter to inform us for the biometrics scan appointment.

However, on January 27, 2018, my wife did receive an email from USCIS which gave us the case number (WAC-17-049-00047), referral id number (T1B0121802124CSC), and informed us that it is not required that my wife Jelena to have biometrics scan done and that previous biometrics scan from 2014 will be used.

As requested from the January 12th, 2018 call to USCIS, me and my wife called the office back on Tuesday, February 22nd, 2018 to inform them that no mailed letter has been received informing us about the status. However, this time, we were told that neither the case or referral id number were valid. Furthermore, we were informed that someone will be calling us back within 24 hours. When the USCIS officer called us back, she told us that she can't help us and that the only option was to make an appointment at the local USCIS main office in downtown San Diego. When I asked for the USCIS officer's name and badge number, she did give me a name, but refused to give me her id number. However, when I explained that I could not make an appointment through InfoPass, she simply explained that I have to keep trying. Honestly, I believe that this USCIS officer, who claimed to be an upper level USCIS officer, did not know how to respond and try to put the blame on my wife Jelena and myself and that I should sit in front of an InfoPass website 24/7 until the link for scheduling an appointment was valid and working. Since I have been living in the United States for over 30 years, this seemed quite unprofessional. Instead, we decided to stop by another small USCIS office located in our own town of San Marcos (San Diego County), but were given the same answer in regards to InfoPass appointment.

As I mentioned earlier, it seems that we are given a runaround. I do understand that currently, USCIS personnel is understaffed and overworked and I beg of you not to think that I do not understand those circumstances. However, I do wish that you understand that this is putting a lot of worries on both me and my wife who have a 2 year old son and are planning to buy a house, open our own Residential Home for Elderly, increase our income (at least three fold) since 2016. We are not asking for any special treatment, but rather an explanation and promise where neither I nor my wife have to fear that she will be forced to leave United States due some mistake that was not of our own making. We have nothing to hide and do not wish that anyone hides anything from us either. We did everything according to the law from the first day in September 2013, and expect the same in return. Both me and my wife have done joint state and federal taxes since April 2015 and have paid all the dues.

If necessary, I am willing to send through mail, email, or fax copies of the I-797, Jelena Vukovich's resident alien card, recent e-mail from USCIS on January 27th, and a marriage certificate which might help you lead us towards the right way since USCIS seems not to be willing to do so, at least since this letter.

I apologize for such a long letter, but I am sure that you can understand our concern. Feel free to contact us through email (knin1975@gmail.com or bojanic.jelena@gmail.com) for any further info or documentation, but you can also call us directly at the numbers mentioned above.

Thank you

Sincerely,
George & Jelena Vukovich.

Subject: \$350 Million for San Diego Chargers Stadium
Date: Thursday, March 17, 2016 11:41:22 AM

Dear Mayor Faulconer,

I'm reaching out to you in hopes that you can assist me with connecting to whomever I need to so we can provide a substantial amount of low cost debt or equity capital to the new stadium being contemplated by the San Diego Chargers. Over the past few weeks, I have made numerous attempts to reach out to the team owners but have had no luck making a meaningful connection since I do not personally know anyone involved with the Chargers organization... but I'm certain that the key decision makers there must be easily accessible to you, so I would hope you might be able to help us make the connection.

My firm provides financial sponsorship to large scale real estate development projects under the immigrant investor program known as "EB5". We work closely with the leading immigration agencies in the world today, who collectively provide more than \$2 billion per year of low cost, non-recourse funding to real estate development projects located across the USA. Our contacts at these agencies have each expressed strong interest in providing financial support to the new stadium in San Diego, and with very little effort we have already obtained funding commitments in excess of \$350 million for this project.

We want the Chargers to remain in San Diego... and we know that we can provide an affordable and user-friendly means of financial assistance in this cause. Please help us make the connection with the appropriate parties at their organization.

With thanks,

Gina Silva

Subject: Funding for New San Diego Chargers Stadium- Request meeting
Date: Thursday, June 11, 2015 8:15:24 AM

Dear Mayor Kevin Faulconer,

I was hoping you might be able to assist us in getting a meeting with you pertaining to the new stadium funding opportunity for the San Diego Chargers. We understand that the goal is to build the new stadium without using public funds and our EB5 Regional Center feels we can help with making this happen and keeping the team in San Diego. This is an amazing opportunity for us and we have literally been trying to get a meeting with the owners of the team which has been impossible and are unsure of the individual who has the overall authority in this decision making process. All we are asking for is a meeting with you to discuss some opportunities that seem to have been overlooked in the area of stadium funding opportunities. I've been keeping a close eye regarding the amount required for the new stadium and I can tell you more than likely we could assist with between \$300-\$500 million in funding possibly more.

Our Chief Operating Officer, Jerald Salisbury would just like the opportunity to speak with you directly or someone who has the authority to make decisions pertaining the new stadium funding without the use of public funds as an option. This may or may not be something the city of San Diego is interested in but we would definitely like the opportunity to further discuss.

If you would like to discuss this further and possibly have a meeting with our Chief Operating Officer, Jerald Salisbury he can be reached best on his (M)310-431-6185 or at (WK) 512-637-8879 and he would really like to hear back from you on this matter.

Kindest Regards,

Gina Silva

Good afternoon,

My name is Ivan Gutierrez and I work for USCIS. I have been tasked with disseminating information about the Form I-9 to all Employers. Is there a way to connect with your organization in order to further our efforts. We can provide presentations and webinars in regards to the Form I-9 and E-Verify. All these services are at no charge.

Please let me know how we can further our reach to employers.

Subject: Live Webinar on New I-9 Immigration Form and Changes Employers Must Follow. Effective Employers will need to adapt to the change by September 18, 2017, or face the possibility of large fines!
Date: Friday, September 08, 2017 5:33:25 AM

Hello,

I am extending you the invitations for the live webinar on "New I-9 Immigration Form and Changes Employers Must Follow. Effective Employers will need to adapt to the change by September 18, 2017, or face the possibility of large fines!" that we are hosting with Ijona Skills. If you are already registered, I apologize for the extra communication. I wanted to take a moment to highlight the key features of our webinars and the speaker delivering this session.

Date & Time:- Thursday, 14th September 2017, 03:30-05:00 EDT

Topic:- New I-9 Immigration Form and Changes Employers Must Follow. Effective Employers will need to adapt to the change by September 18, 2017, or face the possibility of large fines!

[**Register Now!**](#)

Topic Overview:

The United States Citizenship and Immigration Services (USCIS) has recently released the second updated Form I-9 in less than 1 year. Employers will need to adapt to the change and use the new form by no later than September 18, 2017 or face the possibility of large fines.

Although the changes to the Form I-9 are slight, failure to use the new form and comply with the Form I-9 by the September 18 deadline can result in large fines. Just last year, Immigration and Customs Enforcement (ICE) announced increases in fines for Form I-9 violations to account for inflation.

Why should you attend this webinar?

Many Employers take the risk or are unaware the I-9 documents penalties and fines. Moreover, Employers are under the impression that I-9 document violations are low risk because "who is going to tell?". Well I am here to tell Employers that anyone can make a claim or complaint and it doesn't even have to be true. Additionally, now the regulatory agencies are communicating more than ever before. The Department of Labor (DOL) communicates with the Internal Revenue Services (IRS), the Department of Homeland Security (DHS) communicates with Child Support Services and on and on.

Areas Covered in the Session:

- Learn what types of errors have the highest fines
- Ensure you have the most current I-9 forms that is required
- How is the right way to correct I-9 documents and save your company from unnecessary violations?
- What is the minimal risk Employers have when establishing an I-9 document

Correction & Storage Process?

- How should I-9 documents be effectively corrected?
- How long should I-9 documents be retained for active and terminated employees?
- Why are most Employers unclear about completing the new I-9 form?
- Why are most HR professionals or those responsible for processing I-9 documents still violating the request for documents section
- What can you do if you have remote employees when it comes to I-9 forms?
- Receive tools and templates to properly store, correct and develop a penalty free I-9 audit for your company

Speaker's Credentials:

Margie Faulk Keynote Speaker at Compliance key Inc. she is a senior level human resources professional with over 14 years of HR management and compliance experience. A former Compliance Officer for a defense contracting technologies firm, Margie has worked as an HR and Compliance advisor for major corporations and small businesses in the small, large, private, public and Non-profit sectors. Subject: Re: Save Our Seaport Village
Date: Saturday, July 16, 2016 12:34:55 PM

To whom it may concern,

My family and I recently had a two month vacation in San Diego. We agree it was the best vacation we have had in our lives. We believe that the best thing San Diego has going for it is its commitment to its heritage and history. We are very familiar with the tireless efforts and commitment of the SOHO (Save our Heritage Organization) group. This group is the main reason we will return to San Diego again and again for the rest of our lives. We enjoyed Seaport village very much! We spent a lot of money supporting the wonderful "non-corporate" stores. We believe in supporting our local economy. Not the economies of other far away nations. Especially China who does not buy our goods (in a fair trade spirit) and is taking advantage of our economy and people through the use of EB5 and HB1 laws. ENOUGH COPRPORATE GREED! We can't take it anymore... Charity begins at home first. Then, we can help other nations. The historical places in San Diego like: Old Town, Balboa Park, Del Coronado, Point Loma are part of our History and our Culture. These places connect people to the location and culture. Without them we have just another boring corporate experience...

PLEASE SAVE SEAPORT VILLAGE FOR FUTURE GENERATIONS!

Thank you for your time and consideration,

Jason Regan and family

Subject: Case Status
Date: Tuesday, January 03, 2017 1:54:01 AM

Last time I spoke with an info pass officer. They said my USCIS case for naturalization N400 is under FBI investigation and it usually takes 3-9 months, so they asked me to wait. But now it has been more than 10 months that I have filed for citizenship. I worked for the US government as a Department of Defense contractor while deployed to Afghanistan between 2013 and 2014, before returned back to the US in order to obtain my citizenship and obtain a clearance level before get deployed again. I am currently unemployed for the past two years and in severe financial crisis because of the delays on my citizenship. I can't afford my bills any more I was living on my saving got addicted to gambling and lost almost everything, I owe money to a lot of people. I need some answers and action on my case and the status of my case. In order to get my citizenship and job back. I know I am not the first person with this kind of situation. But considering my age my work status and my background. I don't know why is the FBI or USCIS putting so much delays on my case. I was only 18 years old when I got deployed and was I was 20 when I returned from deployment. Now I am 22 years old broke, frustrated, depressed, and in severe financial crisis because of this situation. Please expedite my case status and the investigation. To work for the United States government again using my linguistic skills to help maintain the safety and security of US forces. Thank You

Subject: Transition
Date: Thursday, January 19, 2017 1:55:58 PM

Transition

Dear Friends and Colleagues,

Today is my last day as Director of National Drug Control Policy. Words cannot describe how grateful I am for the opportunity to be President Obama's drug policy advisor and to lead such a great organization. Our challenges have been immense, but with the help of my team at ONDCP and with the help of all of you, we have made considerable progress in our understanding and treatment of substance use as a public health issue, working collaboratively with our incredible law enforcement partners and developing long lasting and trusting relationships with our Interagency colleagues, Congress and our partner nations. It has truly been an honor to serve this President as part of his Administration and to serve the American people. As I have often said, my story of recovery is not unique. I am one of millions of Americans who have been given another chance at a happy and productive life. There us much work ahead of us and I remain committed to doing my part to advance this work.

I am also pleased to let you know that President Obama has chosen Kemp Chester as the Acting Director of ONDCP during this transition. Kemp has been the Associate Director for the National Heroin Coordination Group here in ONDCP since October 2015. Before coming to ONDCP Kemp was the Senior Director for National Security and Intelligence at a private sector consulting firm here in the Washington, D.C. area. Prior to that, Kemp retired from the Army after 27 years of service, his last tour being at the Defense Intelligence Agency where he was the Deputy Director for Intelligence of the Americas Regional Center and Chief of the Office of Counternarcotics Worldwide.

I know that you will give him all of the support you gave me over the past few years.

With profound thanks,

Michael

Subject: Request for endorsement letter
Date: Tuesday, February 24, 2015 2:36:01 PM

Greetings, Mr. Faulconer. It is with great admiration and humility that I come to you with a request:

My company, OnBudget, is a software company based in San Diego. We are in the process of changing our name to Engage Financial Technology (<http://engageft.com>). This past year we also changed our business model from offering our own consumer debit cards and budgeting software (<http://onbudget.com>) to private-labeling and re-selling our software and financial products for large banks. We already have two contracts locked with two of the top 30 largest banks in the country to license our software platform and prospects look good to close a handful more before the end of this year. We're in the middle of a large fundraising round. We are looking to raise over \$20 million in total (prospects look very good!), and we plan to hire over 350 people in San Diego with those investment proceeds, over the next two years.

These new jobs will be a combination of highly technical, managerial and customer service workers. The reason I'm contacting you is that we are raising money through the EB-5 Visa program. I'm not sure how familiar you are with EB-5, but our investors essentially get a U.S. Resident Visa in exchange for investment in a company that creates a certain number of new jobs in a Targeted Employment Area (TEA) and keeps those workers gainfully employed for more than two years. As such, we'll be moving from Sorrento Valley southward in the county to a TEA region (higher unemployment area) on April 1, 2015.

There are many hoops to jump through and so many items to check off administratively in order to show our intentions and demonstrate how we plan to guarantee we hit our milestones. That's where you come in. We need letters to demonstrate that we have city, county, state and/or national support for what we're doing — trying to create jobs in the region.

I was wondering if you would be willing to write a brief letter of support for us?

The statement does not need to be an endorsement of our products or our company, rather it just needs to be a statement commenting on how \$20 million in new investment and 350+ new jobs would impact the local San Diego economy. I understand you're super busy, but if you or your staffers could spare a few moments, it could be as simple as:

1) A statement that you understand our business creates a software technology platform to help banks enhance their debit, credit and prepaid card accounts and that we are seeking investment that we will leverage to expand our software platform, bolster sales efforts and build a world-class support center locally. 2) Your feeling about Engage Financial Technology bringing new job opportunities to San Diego, in light of: - The jobs we are bringing encompass a range of technical and non-technical positions and will provide opportunities throughout the demographic and income strata -Notably, that these new job opportunities will include roles that are highly-desired, where local talent currently exists, and that they represent locally-based opportunities that are too frequently otherwise off-shored - How you believe the \$20 million+ in economic impact will be a benefit for the San Diego economy

I am including an brief summary of our plans at the bottom of this email and I can provide more insights and detail, if you need.

Again, I know you and your staffers are very busy running the city and I would never have this request if wasn't a check box item we have to get AND if our project didn't truly have positive benefit for the city, as well. If you have any hesitation or don't have the time, I will totally understand and there's no hard feelings.

I do, however, think that demonstrating there are people at City Hall who know about our efforts to grow

new business and create new, private sector jobs AND showing that there is city officials who support the effort, since it's such a local endeavor, would be looked upon favorably by the EB-5 review panel.

General project description Engage Financial Technology is a financial technology company headquartered in San Diego, California. Engage develops innovative products for banks. Its Engage Payment Account Control (PAC) technology platform enhances debit, credit, and prepaid card accounts with features that help consumers more effectively track and control spending while increasing card security. This makes Engage PAC-enhanced cards the preferred payment method for everyday living expenses, thus significantly increasing payment card use and driving incremental bank revenues. The Company has spent over two million dollars (\$2M) developing, testing and piloting its Engage FT platform to banks and also offers related program customer support services.

Projected capital investment \$\$\$ The Company seeks to raise \$20,000,000 in EB-5 financing to fund operations while ramping its banking partners, expanding its technology platform and building a world-class call center to support bank customers using its platform.

Projected # permanent jobs created 384 as of 31 December 2017.

Thanks for your time and consideration!

Best wishes,

Mike Corrales (619) 253-4900 mike.corrales@engageft.com <https://www.linkedin.com/in/mikecorrales>

Attachments: [2016-08 SallyEJohnson CV UKTI pg 2.pdf](#)
[2016-08 SallyEJohnson UKTI CV pg 1.pdf](#)

Dear Mayor Faulconer:

Further to my voicemail last week, I am hoping you can help me contact the person responsible for new UKTI office opening in San Diego.

I believe I am the perfect candidate for this office: I was born and educated in England so I can speak to the facets of the United Kingdom's regions and strengths; I have been a regular on the San Diego and Imperial Counties District Export Council for the last 13 years; I know about EB-5 immigration policies (obviously the British have their own version, but once you understand the concept, the details fall into place) and I was involved with the British-American Business Council of San Diego for years so I worked with the regional UK offices throughout the USA. From my time at the San Diego Business Journal I know many people from NDIA, CONNECT, BioCom, etc. I do hope they agree I'm perfect as well.

Thank you, Mr. Mayor ... I look forward to hearing any suggestions you may have on how to pursue this further successfully.

Sincerely,
Sally

Subject: USCIS Invitation: Overview of myUSCIS - 2/14/2018
Date: Tuesday, February 13, 2018 11:25:02 AM

Dear Stakeholder,

U.S. Citizenship and Immigration Services (USCIS) invites federal, state, local, territorial, embassy, and tribal stakeholders to participate in an intergovernmental affairs engagement on **Wednesday, Feb. 14, from 1 to 2 p.m. (Eastern)**. During this webinar, USCIS representatives will provide an overview of [myUSCIS](#) and its newest features.

MyUSCIS is an online service that helps users and account holders navigate the immigration process. Users and account holders can use myUSCIS to find up-to-date status information about pending immigration benefit requests, tools to help prepare for naturalization, and resources to find citizenship preparation classes and doctors. Through myUSCIS, users can also establish an online account and file to renew or replace their Green Card and apply for naturalization.
