

WHAT STATE ATTORNEY
GENERAL BOB FERGUSON
WANTS TO DO TO ANTI-TAX
INITIATIVE PROMOTER
TIM EYMAN...

The AG's attacks have dramatically escalated

The government's political jihad against me has been going on for many years. They've done an all-out dumpster dive on us. Over a decade of tax returns, bank statements, phone records, and literally millions of emails and documents on my computer had to be reviewed. Pages and pages of interrogatories/questions with all my answers signed under penalty of perjury. I've been interviewed/deposed three times with another one scheduled. No matter how much we give them, they always ask for more. When you're the target of a government lawsuit like this, whether you're innocent or guilty, saint or sinner, the result is the same: the process is the punishment.

The latest? Ferguson has now subpoenaed my wife Karen to force her to be interrogated at an hours-long deposition despite the legal protection of spousal privilege and the fact that she had no role whatsoever in any of my political efforts.

We've been married for 25 years. My wife is a strong woman who has faced indescribably difficult challenges in her life, so I know she'll make it through it. But she's a private person who focuses her energies on being a full-time mom to three great but challenging kids and being a wife to a husband who's a 24/7/365 political activist. She's got her hands full focusing on family, not politics.

Ferguson's attack on my wife is deeply offensive. What he's doing to her shows what a small, petty, soulless little man he is.

Last year at his splashy press conference, the AG announced he was going after me and wants a \$2.1 million fine and a lifetime ban on all future political activity by me. My attorney responded:

*"For all the heated rhetoric earlier today, this dispute is simple: whether two transactions from 5 years ago needed to be included on 2012's campaign reports. The Attorney General believes they should, we do not. From the beginning, Mr. Eyman has made clear he did nothing wrong ... **It is chilling that the stated purpose of this action is to permanently bar him from participating in the political process in this State.**"*

For two decades, we've built an incredibly effective team of heroic people who are committed to restraining the government's insatiable tax appetite year after year. We've had a string of successes unparalleled in our state's history. And we've shown that even our occasional setbacks never stop us from trying again. And again. And again. That persistence & experience & success must be terrifying to a power-hungry politician who's gunning to be governor. Hence, his push for a lifetime ban and his harassment of my wife.

As soon as this witch hunt started, it was obvious it was gonna be brutally expensive and financially ruinous to me and my family. We don't have the financial resources to fight this on our own. We need help. A lot of help. So we are truly grateful to those of you who've assisted us during this very difficult time. I have great affection for everyone who has helped us over the years – I hope the feeling is mutual.

You're a good friend – we're lucky to have you in our corner.

Regards, Tim Eyman, [REDACTED]
