

Fellow Enthusiast,

Since we closed our online store here at Slide Fire® in June, the demand for bump fire stocks has been on the rise. Although we no longer take orders for our products, we've got some great news! Our remaining product inventory is now available from our longtime certified dealer, **RW Arms**. If you're still in the market for a Slide Fire® stock, shop confidently and securely with **RW Arms**.

Thanks,
Slide Fire®
