Baylor: 20 surgeries between Sept 14, 2011-March 12, 2012

DMC: 3 surgeries between July 23-25, 2012

Legacy Surgery Center: 10 surgeries between Dec 12, 2012 - June 4, 2013

University General: 15 surgeries between Sept 10, 2012 - June 10, 2013

48 surgeries, 38 patients

3 patients say they are fine with no complications

10 of these surgeries were the same patient - redos that he had to go back in after he had previously operated on them.
