CERTIFICATION

Joe Stenukinis, an adult hereby certifies:

- 1. I worked for the Edison Police Department from 1972 to 1997. I was promoted to the rank of Lieutenant while heading the Internal Affairs Unit, from 1990 to 1997.**
- 2. I am currently residing in Florida.**
- 3. I trust by providing this certification that I can assist the court in its' determination about the release of Sergeant Galinsky's internal affairs file.**

4. **I will note that while I was the head of internal affairs we received more complaints from the public about Galinsky's behavior than any other officer. During my tenure, there were about six or seven officers who were the subject of complaints, but Galinsky was clearly the front runner; There were times when complaints were made almost on a daily basis about Galinsky. I would approximate thirty written complaints were received against Galinsky during my tenor.**
5. **One particular line of complaints came from phone calls and walk-ins by African American motorists who were stopped, by Officer Galinsky, often at night, near Route 1 and Plainfield Avenue in Edison and told to "get the fuck out of my town, I don't want any fucking niggers in my town". Thomas Bryan who is now Chief Bryan worked for me in internal affairs and either received some of these calls and/or was fully aware of the nature of these complaints.**
6. **The internal affairs policy was (and as I instructed those who worked for me) to investigate and gather the facts; I would then forward the report to Chief Costello for resolution. Galinsky was seldom disciplined for his actions we received.**
7. **Thomas Bryan began working in internal affairs while I was head of the unit. Bryan came to the unit while on special assignment from the Middlesex County Prosecutor's Office. His special assignment was to investigate Joe Kenney and his brother. Bryan reported to Chief Costello and Deputy Chief Petroff.**
8. **At one point, Deputy Chief Petroff told Bryan that "I don't care if you have to crawl on your fucking hands and knees, with a flashlight in your mouth but find something on them".**
9. **I don't recall ever receiving a complaint against Officer Joseph Kenney either from the public or fellow officers.**
10. **Finally, when an officer requested to see his personnel file, the written rule or procedure required someone remain in the room with that officer while the file was being reviewed by him or her. The personnel file at times would contain the officer's medical file and portions of his internal affairs file. This rule was often violated and it became customary to leave an officer alone with his file, if the officer was well liked by the brass, with instructions not to remove any items from the file.**

I certify that the above statements are true. I am aware that if any of the above statements are willfully false, I am subject to punishment.
