Dear Mr. McElwaine:

I would like to introduce you to the Global Climate Coalition - an association of businesses and business organizations that are working with scientists, policymakers and others to responsibly address global climate issues. The Coalition is chaired by Tom Lambrix of Phillips Petroleum and staffed by Jana Oakley and others of the National Association of Manufacturers. I am employed by the Southern Company and serve the Global Climate Coalition as a liaison for members of the Senate and Senate Committee staff.

During the next two months, I or another Coalition member will call you to arrange a brief visit to tell you about the organization. We are also planning an event in early January to give you an opportunity to hear from the Coalition's leaders.

I have enclosed some information about the Coalition, its membership and a description of its mission and principles. Also enclosed are two recent articles about the issue that might be of interest to you.

I look forward to meeting you soon. If Tom, Jana, or I may be of assistance to you, please give us a call; our phone numbers are listed below.
