Re: JAMES BROWN
RAPE
Jacque Daughtry-Victim

Dear Mr. Huff:

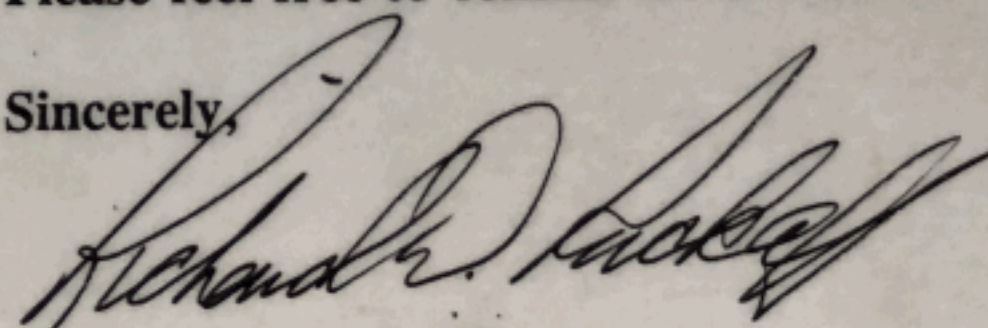

In reference to our telephone conversation, I am enclosing the video taped statement and related documents concerning the forensic polygraph examination of Jacque Daughtry relative to her allegation of Rape by James Brown in Akin County on, or about, April 1, 1988.

Ms. Daughtry was referred to me after she requested a forensic polygraph test to support her credibility in this matter. Ms. Daughtry stated she had been harassed and intimidated by James Brown and his attorney, Buddy Dallas, and was afraid to go to law enforcement authorities in the Augusta/Akin County area. When I attempted to conduct tests of Ms. Daughtry, she became very emotionally distressed and I referred her to a Rape Crisis Center for counselling and therapy.

On March 9, 1995, I conducted a Forensic Polygraph Assessment of Jacque Daughtry relative to her alleged rape by James Brown with a shotgun, which she reported occurred in the Akin County area off of I-20 on or about April 1, 1988. I video taped the polygraph assessment and statement by Ms. Daughtry for the information and use of appropriate law enforcement and judicial authorities. In my opinion, the test clearly supported her credibility and there is no doubt the rape occurred.

Please feel free to contact me if I can be of further assistance.

Sincerely,

Richard D. Rackleff
