Statement / Notes:

Offense Narrative

On Monday, February 6, 2017 at about 0752 hours I was patrolling along with TFO Thomas DSN 621, as a two man unit with canine (Tyson 621.5). We are DEA Task Force Officers and were completing duties related to an assignment involving a Drug Interdiction Initiative. We were stationary in the area of Interstate 70 west near the 205 mile marker. During this time I observed a white Ford F450 traveling west on I-70 in the slow lane. The Ford was behind a small white passenger car. The Ford maintained less than one car lengths distance between the front bumper of the Ford and the rear of the passenger car while traveling at about 65 miles per hour. The Ford had window tint applied to all of the passenger windows including the windshield. The front windows and the windshield appeared to be in violation of the restrictions regarding vision reducing material. The Ford was later identified as:

SUSPECT VEHICLE

COLOR: WHITE YEAR: 2014 MAKE: FORD F450

TN LIC: 24900H2 2017

VIN: 1FT8W4DT7EEB56155

I activated the emergency equipment in the patrol vehicle and conducted a traffic stop with that vehicle on I-70 west near the Highway W exit. I approached the vehicle on the passenger's side and made contact with the lone occupant, identified as:

DRIVER:

KHAMPHENGPHEP, JOHNNY

A/M 07-03-1980

Reporting Officer 524 BOAZ, CASEY J.

I advised Johnny of the reasons for the stop and asked him about the window tint. Johnny replied "I guess it isn't legal". I requested his Driver's License and vehicle paperwork. Johnny provided me with a Tennessee Driver's License and stated that he lives in Tennessee. He provided me with an expired insurance card and said he could not locate his vehicle registration. Johnny advised that he was driving from Murfreesboro, Tennessee to Kansas City, Missouri. He said he was working in paintless dent removal. During my contact with Johnny I noted that he avoided eye contact with me and his hand trembled uncontrollably as he provided his documents. I confirmed that the entire windshield was tinted with dark window tint. (A later check of the driver's side window tint using a window tint meter showed the window was tinted at 6% VLT.)

I asked Johnny to accompany me to my patrol vehicle while I conducted the records checks related to the traffic stop. Johnny agreed and sat in the front passenger seat. I began conducting the records checks and spoke with Johnny at the same time. TFO Thomas deployed canine Tyson on the Ford during this time. While I conducted records checks I spoke with Johnny and he said he was headed to Kansas City to work on vehicles with hail damage because he owned a paintless dent removal (PDR) business. I mentioned his very large truck and asked him if he ever towed anything with it. He said he towed his work trailer with all of his PDR tools to his job sites and that he travels from place to place for work. I asked him how he planned to work in Kansas City when he did not have his tools. He said that he was just driving to Kansas City to check into the work availability in the area. He said he did not have anyone else working in Kansas City at that time and that he would just ask around at other PDR places to see if there was any "good cars". Then if there was "good cars" he would stay and work and maybe call up some other people to bring the tools. I asked him why he drove such a large vehicle and he said that he only has the one vehicle. Then he said "my brother is working in Colorado and I worked there a few months ago too".

I asked Johnny if he traveled with any firearms and he said he had a handgun in his vehicle near the driver's seat. I asked him if he traveled with any large amounts of currency and he said yes. He said that he had \$20,000.00 or \$25,000.00 in his vehicle. I asked him why he traveled with such a large amount of money. He said that he hires mostly illegal workers and has to pay them in cash for their work. I asked why he was bringing the money to Kansas City when he did not have any work lined up and he said he did not have any workers there. He paused and stuttered "I don't know, I just have it". At that time I asked Johnny for consent to search the vehicle and all of the contents. He gave consent and I exited the patrol vehicle to speak with TFO Thomas. TFO Thomas advised that Tyson gave an affirmative response to the Ford during the free air

sniff as I conducted the records checks.

I began a search of the Ford and located a firearm on the driver's floorboard. I located US Currency in a black back pack on the back seat of the Ford. The currency was rubber banded in increments and appeared to be much more than the \$25,000.00 that was declared by Johnny. I opened the tailgate of the Ford and noted it was full of large suitcases. I opened the nearest one and found that it smelled heavily of marijuana and contained loose dryer sheets. TFO Thomas and I decided to move the Ford to a secure location in order to conduct further investigation. I returned to the patrol vehicle and advised Johnny that he was being detained and I advised him of his Miranda Rights via DEA form 13-A. He said he understood those rights. I transported Johnny to Superior Towing (11 Elaine Drive, O'Fallon MO 63366) in the patrol vehicle and TFO Thomas drove the Ford. I followed directly behind the Ford until our arrival at Superior Towing.

While enroute to Superior I spoke to Johnny regarding the currency and empty cases. I advised him that he should be honest about the situation and if he is being paid to transport drugs then he should tell us. I asked him if the money was his or if he was being paid to drive it. He said "it's mine". I advised him that the cases smelled like marijuana and I asked him if he is hauling heroin or cocaine, he said no. I said so you're only hauling marijuana? And he said softly "yeah". I asked him how much money was in the vehicle and he said 100...120, maybe 130,000. I asked him if he was sure and he looked up and began counting in his head. He said maybe 140,000.

Upon our arrival at Superior Towing TFO Thomas advised me that Johnny's GPS was active in the vehicle and showed a destination of Colorado, not Kansas City. We conducted a thorough search of the Ford. During the search I removed the backpack from the Ford and noted that it contained a plastic bag filled with currency and two large clipboards. Each clipboard had currency concealed inside of them. The currency and the concealment were photographed. The currency was packaged in a manner consistent with drug distribution and smelled of marijuana. The truck bed was covered with a hard bed cover which folded open. I opened the cover and located four identical Samsonite golf club cases. All of the cases were empty except that two contained loose dryer sheets and marijuana remnants. A zippered bank pouch was located within a small duffel bag on the back seat. The duffel bag contained several changes of clothes and the zipper pouch contained three vials of liquid which appeared to be illegal steroids. Numerous syringes were also located throughout the Ford. Sitting on the back seat of the ford was a "POLICE" reflective vest which Johnny stated belonged to his friend that was a cop.

I know from training and experience that Colorado is a common source for large scale marijuana distribution. Bulk quantities of Marijuana are often transported inside of large suitcases and dryer sheets are often used to mask the odor. Firearms often accompany drug transactions where large amounts of currency are exchanged.

Offense / Incident Report

Report Date 02/06/2017 0752	Type of Incident ASSET FORFEITURE- CURRENCY/MISCELLANEOUS	Complaint No. 17-0696	Case Status EXCEPT. CLEAR
--------------------------------	--	--------------------------	------------------------------

Currency associated with drug transactions is commonly rubber banded in increments and mostly comprised of twenty dollar bills.

At that time DEA TFO E. Begley and DEA TFO P. Welch arrived to assist with the investigation of the incident. We gathered, photographed, and/or seized any items we believed were relevant to the incident. Johnny completed a written Miranda waiver and provided a written statement. He stated that he was paid to transport the US Currency to Colorado and he completed a disclaimer form stating that the currency did not belong to him. Due to the felony drug possession charges (suspected steroids) the firearm which was located in the vehicle was seized pending further investigation. That firearm was identified as

SEIZED FIREARM
SIG SAUER
1911 .45 AUTO
S/N: GS76673
2 MAGAZINES
16 ROUNDS AMMUNITION

A discretionary sniff of the currency was set up for TFO Thomas and K9 Tyson using DEA SSEE's. Once those SSEE's were cleared by the K9 the currency was removed from the original packaging and secured inside of DEA SSEE M000101948 and DEA SSEE S000061128 (which had been cleared by K9 Tyson during the discretionary sniff) in the immediate presence of TFO Thomas. I returned the SSEE's containing the currency to the discretionary sniff area with the other previously cleared SSEE's for TFO Thomas. TFO Thomas conducted a discretionary sniff and advised that canine Tyson did give an affirmative response to the SSEE's which had the placed currency during the discretionary sniff (see TFO Thomas' supplement report for further).

Upon review of the case and the totality of the circumstances it was determined that the bulk currency which was located in the vehicle would be seized for forfeiture. I provided Johnny with DEA form 12 for the seized currency and he was released from the scene with the Ford. TFO Thomas and I transported the seized currency to UMB Bank (O'Fallon/Winghaven location) where it was opened, sorted, and counted. The seized currency was determined to be \$139,580.00 by staff. The denominations of the bills were determined to be:

100.00 (470)	47,000.00
50.00 (45)	2,250.00
20.00 (4474)	89,480.00
10.00 (73)	730.00

--------------------------------	--	--------------------------	------------------------------

5.00 (22)	110.00
1.00 (10)	10.00

A cashier's check was received from the bank and placed into the evidence locker, along with all other evidence, at the St. Charles County Police Department.

Due to the following reasons, we believe there is an interstate connection/drug nexus with this case:

1. Traveling between Tennessee and Colorado
2. Traveling on an interstate highway
3. Flying vs driving across country
4. Disclaimer of currency ownership
5. Marijuana and packaging material in the vehicle
6. Admission that money was payment for interstate drug purchase
7. Probable cause search revealed bulk US currency
8. Money was in denominations commonly associated with drug sales
9. K9 alert/indication to currency during a discretionary sniff
10. DEA can conduct follow up and gather further evidence for the case in TN and CO
11. This investigation was initiated utilizing DEA Task Force Officers under a cooperative investigation between the DEA and the St. Charles County Police Department.

A copy of this entire report will be forwarded to the St. Charles County Prosecuting Attorney's Office for review. A copy will also be forwarded to the St. Louis Division of DEA for follow up.

I have no further information.

Supplemental Narrative Sequence No. 0001

Date / Time 02/06/2017 17:47 Officer ID / Name 621 THOMAS, MARK Description CRIMINAL INVESTIGATION

Supplemental Narrative

On 02-06-17 I was patrolling along with TFO Boaz #524 as a two man unit. We are DEA Task Force Officers and were completing duties related to a Drug Interdiction Initiative. We were stationary in the area of Interstate 70 west near the 205 mile marker. During this time I observed a white Ford truck traveling west on I-70 in the right lane. The Ford F450 was following a white passenger car at approximately one car lengths distance while traveling at highway speed. The left lane was clear so the Ford could have safely passed or slowed down to maintain a safe distance. As the vehicle drove past I noticed that the windows including the windshield were heavily tinted and appeared in violation of the law on vision reducing material. The Ford F450 was later identified as:

SUSPECT VEHICLE

COLOR: WHITE YEAR: 2014 MAKE: FORD F450

TN LIC: 24900H2 2017

VIN: 1FT8W4DT7EEB56155

TFO Boaz activated the emergency equipment in the patrol vehicle and conducted a traffic stop on I-70 west near the Highway W exit. TFO Boaz approached the vehicle on the passenger's side and made contact with the driver identified as:

DRIVER/SUSPECT

KHAMPHENGPHET, JOHNNY

A/M 07-03-1980

TN OLN 085158201

2015 ISIS CT

MURFREESBORO TN 37128

I also approached the vehicle on the passenger side. TFO Boaz then explained the violations to Johnny. After a brief conversation TFO Boaz requested that Johnny return to the patrol vehicle with him so that he could conduct records checks. Johnny was cooperative during this time and was seated in the front of the patrol vehicle.

While TFO Boaz conducted records checks I elected to utilize my PSD Tyson #621.5 to conduct a free air sniff of the vehicle. It should be noted that Tyson is trained and certified in the detection of narcotics. Tyson has also been found to be reliable by TFO Boaz and I in past deployments. I then retrieved Tyson and led him to the front of the Ford. I then began the free air sniff. During the sniff I observed Tyson display alert behavior near the rear wheels wells of the Ford. Once we reached the passenger side Tyson stopped and began to work

his nose inside the rear fender well. I noticed that Tysons behavior changed and he became fixated in this area, breathing deeply and flaring his nostrils as he forced his nose near the undercarriage. Tyson then went into a down position near the rear wheel well. I then returned Tyson to the patrol vehicle where I observed that TFO Boaz was still conducting the records checks.

A short time later TFO Boaz exited the patrol vehicle. I then notified TFO Boaz and Johnny of the results of the free air sniff. TFO Boaz stated that Johnny had given consent to search the vehicle. Johnny confirmed this and stated that we could go ahead and search the vehicle. TFO Boaz began the search and a short time later located bulk US Currency inside the cab. He also located suitcases in the bed of the truck which contained dryer sheets and small pieces of marijuana.

At that time we elected to move the traffic stop away from the hazards of the interstate. I drove the Ford and TFO Boaz followed behind me with Johnny. We relocated to Superior Towing at 11 Elaine Dr. in O'Fallon, MO. Once we arrived Johnny was secured and we began a thorough search of the Ford. During the search TFO Boaz located additional bulk US Currency inside a black back pack on the rear seat. A total of 4 suitcases were located in the bed of the truck which were identical and smelled heavily of marijuana. A handgun was located on the driver's side floorboard. A loaded magazine was also in the firearm making it readily capable of lethal force. A small bag containing vials of a suspected controlled substance was located in a duffel bag on the rear seat. All relevant evidence was photographed and/or seized and secured as evidence.

TFO Ed Begley and TFO Patrick Welch arrived a short time later and assisted in the investigation. Johnny later disclaimed ownership of the currency and stated that he was being paid to transport it to Colorado.

TFO Boaz then setup a discretionary sniff inside the warehouse. It should be noted that Tyson is a trained, certified, and reliable narcotic detector dog. Tyson is proofed off the smell of U.S. currency and is certified annually by the National Narcotic Detector Dog Association (NNDDA) and the North American Police Work Dog Association (NAPWDA). Having been proofed off of U.S. currency means that during training courses, Tyson is introduced to circulated United States currency. Tyson does not alert/indicate to the currency itself but rather any drug odor associated with it. TFO Boaz used 7 new/clean bags and placed them out on the floor. I then led Tyson to this area and directed him to sniff the area including each bag and found that he did not display any alert behavior. TFO Boaz then retrieved two of the bags and filled them with the US Currency. TFO Boaz had to utilize two bags due to the volume of US Currency present. I then brought Tyson back to the area and directed him to sniff each bag. During the sniff Tyson alerted/indicated to bag #3 and bag #4. These bags did in fact contain the US Currency.

At that time the US Currency was seized based upon the discretionary sniff and the totality of the circumstances. Johnny was provided with a receipt for the US Currency and subsequently released from the scene with his vehicle. TFO Boaz and I transported the seized currency to UMB Bank for an official bank count. The currency was converted into a Cashier's Check for \$139,580. The Cashier's Check along with the other seized items were transported to the St. Charles County Police Department and secured as evidence.

RENTAL AGREEMENT

This agreement dated March 3, 2016, between Jolanny Khamphengphet (hereinafter referred to as "TENANT") and Salem Glen Self Storage (hereinafter referred to as "MANAGEMENT").

MANAGEMENT does hereby rent to TENANT storage unit number D244 (10.0 x 20.0) in a building located at 3450 Glenside Ct., Murfreesboro, TN 37128, to be used as storage for personal or business property for the monthly rate of 120.00 payable on the anniversary date of each month hereinafter. Rental payment is payable in advance.

MANAGEMENT acknowledges receipt of _____ as per your receipt, including the first (1st) month's rent (which has been prorated to the first (1st) day of next month where applicable). All payments made to MANAGEMENT pursuant to the agreement shall be applied first to administrative and late charges, then the balance to accrued and unpaid rent; this agreement shall expire on the day prior to your anniversary date each month and automatically renew for one (1) additional month, SUBJECT TO THE CONDITIONS ON THE NEXT PAGE. Rental payments made after day 6 of the month are subject to a 10.00 Late Charge. Mailed payments must be postmarked by day 6 of the month to avoid Late Charge. A returned Check is subject to a charge of 25.00. There is a one-time 20.00 non-refundable administrative fee charged when Tenant signs this lease.

TENANT shall give MANAGEMENT ten (10) days written notice to vacate in order to avoid responsibility for the payment of the next month's rent.

TENANT is an active member of the United States Armed Forces: Yes _____ No _____

TENANT acknowledges that MANAGEMENT does not carry any insurance which in any way covers any loss whatsoever that TENANT may have or claim by renting the Storage Unit. All property stored in the Storage Unit shall be at TENANT'S sole risk.

TENANT ACKNOWLEDGES THAT HE HAS READ THE CONDITIONS ON THE NEXT PAGE AND AGREES TO BE BOUND BY THEM.

Executed on March 3, 2016.

COMMENTS

Grease Monkey personnel perform a number of visual safety checks on customer vehicles; no repairs, however, have been performed by these personnel. The customer is urged to have any repair item noted on this work order made at his earliest convenience. No warranty is either expressed or implied by Grease Monkey that all safety repairs needed or defective parts will be identified by its personnel's visual inspection.

ADVICE OF RIGHTS

Place: Trial Court
Date: 10/16/2017
Time: 11:25

YOUR RIGHTS

BEFORE WE ASK YOU ANY QUESTIONS, DO YOU UNDERSTAND:

- OK You have the right to remain silent.
- OK Anything you say can be used against you in court.
- OK You have the right to talk to a lawyer for advice before we ask you any questions.
- OK You have the right to have a lawyer with you during the questioning.
- OK If you cannot afford a lawyer, one will be appointed for you before any questioning if you wish.

Do you understand your rights? Yes
Are you willing to answer some questions? Yes

WAIVER OF RIGHTS

I have read or [] someone has read to me this advice of rights and I understand what my rights are. At this time, I am willing to freely and voluntarily answer questions without a lawyer present.

MEMORANDUM FOR

Notice: If this Cashier's Check is lost, stolen or destroyed, either the remitter or the payee may request release by completing a "Request to Release Cashier's Check" form, available at this bank. The form outlines the responsibilities and liabilities of the bank, the payee, and the remitter and should be read carefully prior to requesting release. This Cashier's Check will not be released prior to 90 days from the original issue date. A \$35.00 administrative fee must accompany any request to release. This Purchaser's Receipt should also accompany the release request in order to avoid delay in processing.
