From:  Sent:  To: Cc: Subject:  RE: Courthouse arrests
There are some clarification issues that must be addressed by management before 1 am comfortable certifying that I fully understand the policy.
First and foremost, I would like to have a specific, written definition of " <u>At or Near</u> ". That's way too nebulous as it stands.
Second, much has been made about the VAWA policy guidance on courthouse enforcement actions; the actual policy prohibiting same seems pretty clear that the <u>enforcement oction is prohibited only when the subject of investigation is appearing for a case directly related to a pending/approved VAWA application.</u> I would like management to specifically articulate that the local policy is being deliberately expanded beyond that limited scope.
Respectfully submitted,

Team,
This is what we have in writing regarding court house arrests (among a few other things). I highlighted in yellow a specific guidance on Denver Courts: (b)(5);(b)(7)(E)
(b)(5);(b)(7)(E)  I am still working to get them to clarify in writing guidance on probation cases that happen to be connected or in the same building as a court house. Until we get it in writing, assume all probation offices at or near courthouse to fall under the guidance below. ANY case with a planned arrest at/near a court house will be discussed with your first line supervisor prior to action.
Notice the requirement to sign a "Verification Form" to assure we are all in compliance with the guidance and policy. Keep this email for your records.
Please ask questions and we'll do our best to get answers.
Thanks,

Subject: Courthouse arrests
Supervisors:
A few points of clarification that may have been lost during the transition between DHS Secretaries and policy shifts. Please hold a staff meeting to discuss the below and answer any questions from your respective officers.
Courthouse Arrests:
As discussed on the May 9, 2017, AOR call, I want to reiterate the importance of following previously established and published courthouse arrest guidance. Consistent with the original October 21, 2015, ERO Taskings from Assistant Director Jon Gurule, and subsequent guidance, enforcement actions at or near courthouses will only be undertaken against:
[*Priarity #1[a)]: aliens engaged in or suspected of terrorism or espionage, or who otherwise pose a danger to national security; (note that for courthouse arrests, public safety has been removed from Priority 1 definitions).
[*Priority #1[c)]: aliens convicted of an offense for which an element was active participation in a criminal street gang, as defined in the November 20, 2014 Johnson memorandum; (for this Priority, we focus on the active participation in a street gang, with or without a related conviction).
[*Priority #1(d)]: aliens convicted of an offense classified as a felony in the convicting jurisdiction, other than a state or local offense for which an essential element was the alien's immigration history;
[*Priority #1[e]): aliens convicted of an "aggravated felon," as that term is defined in section 101(a)(43) of the Immigration and Nationality Act at the time of the conviction.
For the sole purpose of the courthouse guidance, the spirit of the prior enforcement priorities noted above remain in place. I have left the Priority labels attached in this email.
Keeping FOD Longshore's guidance in place, surveillance is considered to be an enforcement action (attached).  [b)(7)(E)  Likewise,
enforcement actions at or near courthouses will only take place against specific, targeted aliens with no action taken against family members or aliens accompanying the target to court. The Lindsey-Flanigan Courthouse in
Denver is a cumbersome venue that does not easily conform to this guidance because of the public courtyard
in which many of our arrests are made. (b)(7)(E) (b)(7)(E)

This is the messaging I am making publicly to all stakeholders and I must be able to make that promise with a strong degree of conviction that Denver officers are abiding by HQ ERD and local FOD instructions.

Certain Victims, Witnesses, and Plaintiffs:

Absent special circumstances or aggravating circumstances such as egregious or violent criminal histories, aliens identified as , or known to be the immediate victim or witness to a crime will be given a greater level of deference and prosecutorial discretion before arresting or removing such an alien. It is often difficult to determine if a targeted alien is a victim, witness, or plaintiff, as these individual are under no obligation to self-identify or inform ICE of their status. Therefor it is incumbent upon each officer to diligently review cases carefully for indicators of such status, including conversations with attorneys of record when necessary.

#### VAWA

VAWA regulations protect certain self-identified abused or battered aliens or victims of domestic violence. In these very narrowly defined cases (guidance attached), special provisions must be followed by ICE ERO officers. In these cases, courthouses are defined as sensitive locations by regulation and must be treated as such. Likewise, ICE ERO officers must independently verify the removability of such aliens, and specific annotations must be made on the NTA prior to filing with EOIR.

Each of the policies discussed in this email are attached. First line supervisors and officers are required to read them carefully and sign the attached read-and-initial sheets (one sheet per office). Supervisors from each office will submit them to SFTO by COB May 19, 2017. AFODs may grant extensions for good cause at their discretion.

This is the only guidance I have on (Enforcement Actions at or near a Courthouse). I don't see anything regarding the need for the FODs approval when arresting a P1 alien at the courthouse. If there is more guidance stating as such could you please forward it to me so I can put it out to the troops?

Subject: Guidance Update: Enforcement Actions at or Near Courthouses

This message provides important guidance concerning ERO enforcement actions at courthouses, and has been updated to incorporate the enforcement priorities as set forth in Secretary Johnson's November 20, 2014 memorandum, *Policies for the Apprehensian, Detention, and Removal of Undocumented Immigrants.*"

- Enforcement actions at or near courthouses will only be undertaken against:
  - CODE: P1A Priority #1(a): aliens engaged in or suspected of terrorism or espionage, or who otherwise pose a danger to national security;
  - CODE P1C Priority #1(c): aliens convicted of an offense for which an element was active
    participation in a criminal street gang, as defined in the November 20, 2014 Johnson memorandum;
  - CODE P1D Priority #1(d): aliens convicted of an offense classified as a felony in the convicting
    jurisdiction, other than a state or local offense for which an essential element was the alien's
    immigration history;
  - CODE PIE Priority #1(e): aliens convicted of an "aggravated felon," as that term is defined in section 101(a)(43) of the Immigration and Nationality Act at the time of the conviction.
- Enforcement actions at or near courthouses will only take place against specific, targeted aliens, rather than individuals who may be "collaterally" present, such as family members or friends who may accompany the target alien to court appearances or functions.
- Enforcement actions at or near courthouses will, wherever practicable: (1) take place outside public areas of the courthouse; (2) be conducted in collaboration with court security staff; and (3) utilize the court building's non-public entrances and exits.

Questions regarding this guidance may be directed to your chain of command.

Also, per the reporter's request, can you confirm that (b)(6);(b)(7)(C) was arrested at a courthouse May 5? (Note that there's no video link.)
I will also forward the statement to the Denver Post that I sent a month ago to all the other requesting media regarding courthouse ICE arrests.

#### Videos Raise New Questions about ICE's Tactics of Arresting Immigrants at Court
