Alison,

I see that you currently have two open requests:

2018-00674-FOIA-OS – requesting FOIA logs including subject matter of the requests – **Records have been processed and awaiting final management approval. Anticipate a final release very soon.**

2018-00619-FOIA-OS – requesting the daily calendar of Roger Severino, director of the Office for Civil Rights – **Responsive records has not been received from the program office as of yet. I have reached out to OCR to ascertain a search completion date.**

If the above-referenced requests are not the ones that you are seeking a status on - please feel free to reach back out to me. I hope the information provided is helpful.

Thank you. I'm actually trying to check the status of a previous FOIA which is why I was logging on.

Hi there

I'm trying to log in to your system but it repeatedly tells me that I have an invalid password – even after I have repeatedly requested a new password and then used the ones you've sent me.

Is there someone who can help me log in and figure out what the glitch is?

Thanks

Alison
