REQUEST FOR WAIVER OF ALL COSTS

AI Justice respectfully requests that all fees associated with this FOIA request be waived. AI Justice is entitled to a waiver of all costs because disclosure of the information is “. . . likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.” 5 U.S.C. § 522(a)(4)(A)(iii). *See also* 6 C.F.R. § 5.11(k) (Records furnished without charge or at a reduced rate if the information is in the public interest, and disclosure is not in commercial interest of institution). In addition, AI Justice has the ability to widely disseminate the requested information. *See Judicial Watch v. Rossoti*, 326 F.3d 1309 (D.C. Cir. 2013) (finding a fee waiver appropriate when the requester explained, in detailed and non-conclusory terms, how and to whom it would disseminate the information it received).

i. Disclosure of the Information Is in the Public Interest

AI Justice aims to protect and promote the basic human rights of immigrants through a unique combination of free direct services, impact litigation, policy reform and public education at local, state, and national levels. Grounded in real-world, real-people experience, AI Justice’s direct work with immigrant clients informs its broader policy work. Its multicultural and multilingual staff works to build alliances between immigrant and non-immigrant groups, including government, civic, social and faith-based communities. Advocates involved in immigration issues, the national media, and federal and state policy makers, consider AI Justice to be one of the most effective national groups fighting for immigrant justice.

With immigration reform on the horizon in Congress, immigration issues make up a major segment of the public discourse. Increasingly covered by U.S. media outlets, information regarding immigration matters is much more widely disseminated than ever before.³

Disclosure of the requested information will contribute significantly to public understanding of non-citizens’ information about ICE facilities, detention conditions and access to adequate medical and mental health care services afforded to detainees in Florida. The disclosed records will inform attorneys, advocates, members of the public and others concerned about detention conditions. AI Justice has the capacity and intent to disseminate widely the requested information to the public. To this end, AI Justice will post relevant information on

the AI Justice website, draft analysis of the information and disseminate it to other immigration advocacy groups and potentially to members of Congress.

ii. Disclosure of the Information Is Not Primarily in the Commercial Interest of the Requester

AI Justice is a 501(c)(3), tax-exempt, not-for-profit, charitable legal services organization. AI Justice's work encompasses advocating for the basic human rights of immigrants through direct representation, policy reform, impact litigation, and public education. Therefore, AI Justice has no commercial interest that could be furthered by any FOIA request. Immigration attorneys, non-citizens and any other interested member of the public may obtain information about DHS and ICE policies and practices on AI Justice's frequently updated website. As stated above, AI Justice seeks the requested information for the purpose of disseminating it to members of the public who access AI Justice's website and not for the purpose of commercial gain.

Please inform me in advance if the charges for this FOIA production will exceed \$50.00.

Thank you in advance for your response to this request within twenty working days, pursuant to FOIA requirements. *See* 5 U.S.C. § 552(a)(6)(A)(i). Should you have any questions or concerns, please feel free to contact me at (305) 570-8925, or via email at jsantos@aijustice.org.
