Dear Mr. Knox:

We received your Freedom of Information Act (FOIA) request on 04/05/2019.

Your request, which seeks access to a copy of all communications, memos, environmental impact reports, and plans or proposals regarding the storage and disposal of nuclear waste at the Yucca Mountain Nuclear Waste Repository from 2014-2019, has been assigned the following reference number that you should use in any future communications with us about your request: **2019-000263**.

To ensure the most equitable treatment possible of all requesters, the NRC processes requests on a first-in, first-out basis, using a multiple track system based upon the estimated time it will take to process a request. Based on your description of the records you are seeking, we estimate completion of your request will be on or before **05/03/2019**.

Please know that this date is a rough estimate of how long it will take us to close requests ahead of yours in the respective track and complete work on your request. The actual date of completion might be before or after this estimate, based on the complexity of all the requests in the **simple** track. We will advise you of any change in the estimated time to complete your request. In an effort to process your request promptly, you may wish to narrow the scope of your request to limit the number of responsive records.

For purposes of assessing fees in accordance with our regulations (10 CFR 9.33), we have placed your request in the following category: Media. You will be charged no fees.

The following person is the Government Information Specialist who has been assigned responsibility for your request: Daniel Gaylord, who may be reached by telephone at 301-415-8058 or via email to Daniel.gaylord@nrc.gov.

If you have questions on any matters concerning your FOIA request, please feel free to contact the assigned Government Information Specialist or me at (301) 415-7169.

Sincerely,

Stephanie A. Blaney /s/
