**Attachments:** From VA FOIA Response 2-19-2019.pdf; To VA RE FOIA Req 12-19-2018.pdf; To VA Re \$467.64 Fee Enclosed.pdf; CPRs.pdf; From Ms. Lee, PW Sheets.pdf; Email Chain, Long - Lee, 3-21-2019.pdf; Electronic Signatures, Requestors.pdf

**FREEDOM OF INFORMATION ACT APPEAL, FOIA Request No. 19-02781-F**  
**21, 2019; 2pm**

**March**

Kindly accept this to replaces (or amend to correct) the prior Appeal sent earlier today. It's mostly curative in 4 ways: 1) Electronic Signatures attached; 2) CPRs only; 3) Email Chain; & 4) **FOIA Request No. 19-02781-F**

Dear Veterans Affairs Office of General Counsel:

My office is legal counsel to the two Requestors, each of whom are named in the December 19, 2019 Original FOIA Request. Kindly confirm receipt of this email, with its attachments, initiating my clients' appeal for their denial of information. Specifically, my clients appeal the VA's dedacted portions of the certified payroll records ("CPR") and the dedacted portion of the Davis Bacon Prevailing Wage Sheet for the Project at issue.

A hard copy of these documents will be placed in today's mail overnight, postage prepaid, unless I receive a request/instruction from your office that it is not necessary.

Attached are:

1. Electronic Signature of Requestors;
2. December 19, 2018, Original FOIA Request;
3. January 10, 2019, \$467.74 Fee Enclosed;
4. February 19, 2019, VA Response;
5. March 21, 2019 Email Chain of Disputed Dedactions & Denial to Compromise/Resolve (Long to Lee & Lee to Long);
6. Disputed Records:
  - A. Dedacted "Fringes" Column from Davis Bacon Prevailing Wage (PW) Sheet. (Note: My clients only seek the Fringes for the "ironwork" category, please.)
  - B. Dedacted Hours Columns on Certified Payroll Records ("CPRs").

Reason For Appeal

As recited in the Email Chain of March 20, 2019: My clients dispute the VA's dedactions as stated below.

Two issues regarding your dedactions (Exemption 6(b)), please:

1. On the weekly certified payroll records you dedacted, among other dedactions, the hours each day individuals worked. We object to that dedaction. We understand and do not object to the workers' name or address dedactions, of course, given the current case law as to that information. But, the hours worked each day is public information. Nothing about that data set has to do with anyone's privacy. Exemption

- 6(b) does not apply. We can't see who worked those hours each of those days, only that on the public project someone put it those hours. If we can't get that data, please provide the case law upon which the government relies to show that that specific data is exempt under 6(b), which you claim (or any other exemption). We're hoping to avoid a legal challenge on that specific exemption claim, please.
2. On the Davis Bacon Wage & Benefit rate sheet where the Iron Workers rate is located (and other trades rates) you deducted legally mandated benefit i.e., "Fringes" rate. This is clearly public information; indeed it's part of the minimum rate. If we can't get that data, please provide the case law upon which the government relies to show that data is exempt under 6(b), which you claim (or any other exemption). We're hoping to avoid a legal challenge on that specific exemption claim. Indeed, this rate sheet is provided to all the public in the announcement/solicitations of bids. Notably, the Union represents the workers, entitling them to the information.

In short, my clients simply request that the VA please provide unredacted hours worked each day recited on the CPRs and a wage rate sheet with an unredacted "Fringes" column please, but we only need the "Ironworker" fringe rate.

If you have any questions, kindly email or call.

Respectfully submitted on behalf of Clients,  
/s/ Mickey Long  
Attorney

Re: **FREEDOM OF INFORMATION REQUEST**

VA Medical Center, 940 Belmont St., Brockton MA ("Project")

Dear Sir/Madam:

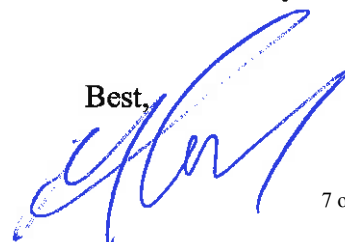

This office represents the Trustees of the Iron Workers District Council of New England Pension, Health and Welfare, Annuity, Vacation and Education Funds and other funds ("Trustees") and the Iron Workers Local 7 of Boston, MA.

This is a formal request under the Freedom of Information Act. As to any activity under the contractor BR Steel, LLC or Greystone Iron, Corp. (or both) ("Subcontractor"), please provide an opportunity to inspect and copy:

1. All certified payroll records (including any submitted under 40 USC, Section 3145) submitted by any entity reflecting labor performed by the Subcontractor's Employees;
2. All daily records of the awarding agency (including any of its agents) for the time frame during which the Subcontractor performed labor on the project, and all records describing any work performed by the Subcontractor, including documents showing any hours of labor performed by any of the Subcontractor's employees on the Project;
3. Any payment bond issued by the general or prime contractor (the Miller Bond);
4. Any and all contracts or subcontracts
  - a. between Monument Construction and the awarding authority; or
  - b. between Monument Construction and any firm where the contract regarded the scope of work or labor performed by the Subcontractor.
5. Any Davis-Bacon Act Wage Determinations for the Project.

I understand that there may be a fee for this, if so please inform me before you fill the request. If any part of my request is denied please give me all the records to which you think that I am entitled. Please also tell me the exact reason for the denial, and tell me to whom I may appeal.

Best,

Mickey Long

February 19, 2019

FOIA Request No.: **19-02781-F**

Mickey Long  
mickeylong@outlook.com

Dear Mr. Long:

This letter is the initial agency decision on your December 19, 2018 request under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, for:

“...any activity under the contractor BR Steel, LLC or Greystone Iron, Corp. (or both) ("Subcontractor"), please provide an opportunity to inspect and copy:

1. All certified payroll records (including any submitted under 40 USC, Section 3145) submitted by any entity reflecting labor performed by the Subcontractor's Employees;
2. All daily records of the awarding agency (including any of its agents) for the time frame during which the Subcontractor performed labor on the project, and all records describing any work performed by the Subcontractor, including documents showing any hours of labor performed by any of the Subcontractor's employees on the Project;
3. Any payment bond issued by the general or prime contractor (the Miller Bond);
4. Any and all contracts or subcontracts
  - a. between Monument Construction and the awarding authority; or
  - b. between Monument Construction and any firm where the contract regarded the scope of work or labor performed by the Subcontractor.
5. Any Davis-Bacon Act Wage Determinations for the Project.”

Your FOIA request was received in my office on December 19, 2018.

The Contracting Service conducted a search for documents responsive your request. At the conclusion of the search, a total of 242 were found and 189 pages were determined to be responsive to your request.

My review of the document revealed that it contained information that falls within the disclosure protections of FOIA Exemption 6, 5 U.S.C. § 552(b)(6). FOIA Exemption 6 permits VA to withhold a document or information contained within a document if disclosure of the information would constitute a clearly unwarranted invasion of a living individual's personal privacy. Stated another way, VA may withhold information under FOIA Exemption 6 where disclosure of the information, either by itself or in conjunction with other information available to either the public or the FOIA requester, would result in an unwarranted invasion of an

individual's personal privacy without contributing significantly to the public's understanding of the activities of the federal government.

Specifically, the information I am withholding, as indicated on the enclosed documents, under FOIA Exemption 6 consists of Social Security Number, individual and vendor names (other than those listed in your request), handwritten signatures, job titles, and any internal comments regarding those individuals/vendors as the individuals associated with this information have a personal privacy interest in this information.

FOIA Exemption 6 permits VA to withhold a document or information contained within a document if disclosure of the information would constitute a clearly unwarranted invasion of a living individual's personal privacy. Stated another way, VA may withhold information under FOIA Exemption 6 where disclosure of the information, either by itself or in conjunction with other information available to either the public or the FOIA requester, would result in an unwarranted invasion of an individual's personal privacy without contributing significantly to the public's understanding of the activities of the federal government. Specifically, the information I am withholding, as indicated on the enclosed documents, under FOIA Exemption 6 consists of the *names, identifying characteristics and statements of individuals other than your client*, as the individuals associated with this information have a personal privacy interest in it.

The coverage of FOIA Exemption 6 is absolute unless the FOIA requester can demonstrate a countervailing public interest in the requested information by demonstrating that the individual is in a position to provide the requested information to members of the general public and that the information requested contributes significantly to the public's understanding of the activities of the Federal government. Additionally, the requester must demonstrate how the public's need to understand the information significantly outweighs the privacy interest of the person to whom the information pertains. Upon consideration of the materials provided, I have not been able to identify a countervailing public interest of sufficient magnitude to outweigh the privacy interest in this case. The individuals associated with this information have a personal privacy interest in information that outweighs any public interest served by disclosure of their identities under FOIA.

If you disagree with my determination to withhold the information under FOIA Exemptions 6 please be advised you may appeal to:

Office of the General Counsel (024)  
Department of Veterans Affairs  
810 Vermont Avenue, N.W.  
Washington, D.C. 20420

You also have rights to seek assistance and dispute resolution services from:

**Subject:** [EXTERNAL] RE: FOIA #19-02781

Good morning, Ms. Lee:

Again, thanks for providing the material you did provide. Two issues regarding your deductions (Exemption 6(b)), please:

1. On the weekly certified payroll records you deducted, among other deductions, the hours each day individuals worked. We object to that deduction. We understand and do not object to the workers' name or address deductions, of course, given the current case law as to that information. But, the hours worked each day is public information. Nothing about that data set has to do with anyone's privacy. Exemption 6(b) does not apply. We can't see who worked those hours each of those days, only that on the public project someone put it those hours. If we can't get that data, please provide the case law upon which the government relies to show that that specific data is exempt under 6(b), which you claim (or any other exemption). We're hoping to avoid a legal challenge on that specific exemption claim, please.
2. On the Davis Bacon Wage & Benefit rate sheet where the Iron Workers rate is located (and other trades rates) you deducted legally mandated benefit i.e., "Fringes" rate. This is clearly public information; indeed it's part of the minimum rate. If we can't get that data, please provide the case law upon which the government relies to show that data is exempt under 6(b), which you claim (or any other exemption). We're hoping to avoid a legal challenge on that specific exemption claim. Indeed, this rate sheet is provided to all the public in the announcement/solicitations of bids.

In short, would you please provide unredacted hours worked each day and a wage rate sheet with an unredacted "Fringes" column please?

Thanks again and best,  
Mickey

 operation to which welding is incidental.

=====  
 Note: Executive Order (EO) 13706, Establishing Paid Sick Leave  
 for Federal Contractors applies to all contracts subject to the  
 Davis-Bacon Act for which the contract is awarded (and any  
 solicitation was issued) on or after January 1, 2017. If this  
 contract is covered by the EO, the contractor must provide  
 employees with 1 hour of paid sick leave for every 30 hours  
 they work, up to 56 hours of paid sick leave each year.  
 Employees must be permitted to use paid sick leave for their  
 own illness, injury or other health-related needs, including  
 preventive care; to assist a family member (or person who is  
 like family to the employee) who is ill, injured, or has other  
 health-related needs, including preventive care; or for reasons  
 resulting from, or to assist a family member (or person who is  
 like family to the employee) who is a victim of, domestic  
 violence, sexual assault, or stalking. Additional information  
 on contractor requirements and worker protections under the EO

is available at [www.dol.gov/vhd/govcontracts](http://www.dol.gov/vhd/govcontracts).

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

---

END OF GENERAL DECISION
