Re: Freedom of Information Act Request

Pursuant to the Freedom of Information Act, Restore Public Trust requests access to and copies of certain records held by the Department of Commerce. Specifically, we request all emails sent by, to, or carbon copying ("CC") the following officials from March 23, 2018 and March 26, 2018:

- Wilbur Ross
- Wendy Teramoto
- Karen Dunn Kelley
- Earl Comstock
- Dr. Ron Jarmin
- John Guido

If possible, I would prefer to receive this information electronically via e-mail at info@restorepublictrust.org. If you have questions or need additional information, please feel free to call me at 202-255-9759.

Fee Waiver Request

Restore Public Trust requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding" of government operations and is not "primarily in the commercial interest of the requester." The disclosure of the information sought under this request will document and reveal the operations of the federal government, including how public funds are spent and how officials conduct the public's business.

Wilbur Ross appears to have misled Congress about Commerce's role in initiating the conversation around including a question about citizenship in the 2020 US Census¹. Furthermore, an individual who met with Wilbur Ross about the 2020 Census recently claimed that Ross mischaracterized her views about the addition in a memo announcing the policy

change². There is strong public interest in knowing how the decision to add the citizenship question to the 2020 Census was made, and whether or not Secretary Ross has been honest in his characterizations of the addition. The requested materials will be used to inform the public on this crucial topic.

This request is primarily and fundamentally for non-commercial purposes. As a project of a 501(c)(3) organization, Restore Public Trust does not have a commercial purpose and the release of the information requested is not in Restore Public Trust financial interest. Restore Public Trust will use the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. Restore Public Trust will also make materials it gathers available on its public website.

Accordingly, Restore Public Trust qualifies for a fee waiver.

Conclusion

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. Additionally, if any documents are withheld based on the Agency's interpretation of any exemption, Restore Public Trust requests that you provide an index of those documents as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974). Specifically, this Vaughn index should describe withheld documents with enough specificity to determine whether the material is exempt under the act and must describe each document or portion withheld.

Thank you for your assistance.

Sincerely,

Caroline Ciccone
