RE: Open Records Request

Dear Mr. Steinbaugh:

This letter is in response to your Open Records Request received by this office on October 15, 2018. You requested the following:

"I request the following records:

This list is accessible by: (A) logging into the Facebook page as an administrator, (B) clicking "Settings" at the top of the official page, (C) clicking "People and Other Pages" in the left column, and (D) selecting "Banned People and Pages" from the drop-down menu. An Equal Opportunity University

The documents contain a screenshot of the community policy. The other documents show the settings page on Facebook as well as who have been blocked. We note that the words "birds," "chicken," "chickens" and "filthy" have also been blocked from being posted on the University's page due to a rash of posts around the time that Aramark came on campus and highly graphic videos of chicken slaughter were being repeatedly posted. The content was very graphic and something deemed inappropriate via our community rules.

If we can be of further assistance, please contact the Open Records Office.

Sincerely,

Bill Swinford
Official Records Custodian

There are three blocked accounts on instagram. I don't know when they were blocked or why - it must have been before our team took over. The first looks like a spam account and hasn't been active since 2016. The second appears to just repost photos from KSR and UK Athletics. I'm going to guess they were probably spamming our comments for followers. The third looks like a band (?) account. The content on the page seems to be mostly advertising.

Generally speaking, we very, very rarely block or mute users. Usually if someone posts something that goes against our or the platform's community rules (ours are posted on Facebook), we would remove the comment and depending on the severity of the remarks, we would report it to you, the platform, the authorities (if it was threatening) or the appropriate UK office (like the community of concern if it was a student).
