**JURY RECOMMENDATIONS  
RECOMMANDATIONS DU JURY**

1. Recommendation to the Ministry of Training College and University:

The Ministry of Training College and University prepare a training package for all mine employees regarding s. 43 of the *Ontario Health and Safety Act* (O.H.S.A) and the Internal Responsibility System (I.R.S.)

2. Recommendation to the Ministry of Labour:

The Ministry of Labour shall require the employer to post a copy of s. 43 of the O.H.S.A. and a document explaining the Internal Responsibility System in a prominent place in each workplace.

3. Recommendation to the Province of Ontario specifically the Ministry of Labour:

The Mining Legislative Review Committee (M.L.R.C.) must recommend to the Ministry of Labour that they develop legislation with respect to re-entry protocol after a recorded seismic event in an underground mine. The legislation should include ensuring the appropriate micro-seismic monitoring system exist in areas where individuals are located. The results of micro-seismic monitoring system must be made visible and the re-entry protocol displayed prominently.

4. Recommendation to the Province of Ontario, specifically the Ministry of Northern Development and Mines:

The Closure plan must include data collected pursuant to s. 72 of the *Mines and Mining Plants*, R.R.O. 1990, Reg 854

5. Recommendation to the Ministry of Labour:

The Jury recognizes that the M.L.R.C. is currently working towards amendments to Regulation 854 with respect to adopting a "Management of Change Process" (recommendation 2.1). It is recommended that the M.L.R.C. prioritize finalizing their recommendation to the Ministry of Labour in order to implement the proposed "Management of Change Process".

6. Recommendation to the Ministry of Labour:

The Jury recognizes that the M.L.R.C., specifically the ground control sub-committee is currently working towards amendments to Regulation 854 with respect to recommendation 1.4 to create guidelines pertaining to ground control. It is recommended that the M.L.R.C. prioritize finalizing their recommendation to the Ministry of Labour to create a guideline that covers all ground control related sections in the Regulation for *Mines and Mining Plants*.
