Your request was originally sent to the Department of Energy Headquarters (DOE HQ) for processing. DOE HQ transferred your request to our office for processing and was received on June 21, 2018.

It is the practice of the National Nuclear Security Administration, in accordance with the Departmental policy, to process FOIA requests in the approximate order of the date received by this office. Your request is out for a search for the responsive record(s). A number of requests received prior to yours are pending, and your request will be processed in turn. We will make every effort to respond to your request as quickly as possible. Please note that for fee purposes, "unusual circumstances" as defined in the Open Government Act of 2007 occur, as there is a need to search for or collect records from facilities geographically separated from this office. We estimate that we will not be able to provide responsive records in 20 working days, as we need more time to complete the search, review the record(s) for release, and prepare a response to you, as some requests, depending on the volume of records, the complexity of the search, and/or the sensitivity of the subject matter, require additional time to complete.

In your request, you stated your willingness to pay all fees associated with processing your request. Pursuant to 10 CFR § 1004.9 (a)(6), fees are not charged where they would amount to \$15.00 or less.

If you have questions concerning the processing of your request, please contact me by e-mail at Erica.White@nnsa.doe.gov, or write to the address above. Please reference Control Number FOIA 18-00214-EW.

You may also contact NNSA's FOIA Public Liaison, Jane R. Summerson, FOIA Officer, Office of the General Counsel, at 1-866-747-5994, or by mail at Department of Energy, National Nuclear Security Administration, Office of the General Counsel, PO Box 5400, Albuquerque, NM, 87185 for further assistance and to discuss any aspect of your request.
