Subject: FOIA Request #1355904-001

Dear Mr. Springer,

Thank you for your inquiry regarding the status of your client's Freedom of Information Act/Privacy (FOIPA) request. A review of your client's request has determined the following:

The request is presently awaiting assignment to a Disclosure analyst who will then review the records to determine if any redactions are required pursuant to subsections of Title 5, U. S. Code, Section 552 and 552a.

You may check the status of your request online at <http://vault.fbi.gov> by clicking on the 'Check Status of Your FOI/PA Request' link. Online status reports are updated weekly.

Requests are processed in the order in which they are received through our multi-track processing system. Requests are divided into two primary tracks--simple (under 50 pages of potentially responsive documents) and complex (over 50 pages of potentially responsive documents). Complex requests are further divided into medium, large, and extra-large sub-tracks based upon request size. Simple track requests typically require the least amount of time to process. Currently, simple track cases average approximately 115 days from the date of receipt for processing. Our complex requests in the medium processing track are currently averaging 653 days, large processing track are currently averaging approximately 1,432 days, and extra-large processing track are currently averaging 2,008 days for processing.

This request is currently in the complex request large processing track, and the estimated date of completion for your request is August 2021. If the request is considered a complex track, considering reducing the scope of your request may accelerate the process as it could potentially place your request in a quicker processing track. This may also reduce any search and duplication costs, if applicable, and allow for a more timely receipt of information. If you wish to discuss reducing the scope of this request, please indicate so and a representative will be in contact.

Respectfully,

Public Information Officer

Record/Information Dissemination Section (RIDS) FBI-Information Management Division
170 Marcel Drive, Winchester, VA 22602-4843
