Mr. McDougall:

Thank you for your email and we sincerely apologize for the delay. Thank you also for your understanding! We are a team of less than 10 analysts with a workload of over 400 cases.

We have been reviewing the CWF screens you supplied in regards to FOIA request SSA-2017-001087. The CWF screens are foreign to SSA in that we are not familiar with them. We understand that you state that they are findings from the US Department of Health and Human Services (HHS); however, without certification from HHS, we have no proof of the documents validity.

Is it possible for you provide to us with a certification of the CWF screen prints? We will continue to pull the requested SSIDS and redact as needed (for the sake of time). We appreciate your providing the certification document.

Thank you for your assistance.

Dear Ms. Chyn,

It has been several months since we were last in contact regarding the above-captioned FOIA request. Any information that you can provide concerning the processing status of this request would be appreciated.

As a former FOIA analyst (at CMS) I understand that these things can take time. However, I would like to be able to give my client, and my boss, an update soon. If a phone call would be easier, I would be happy to discuss the matter at your convenience.

Thank you,

Mike McDougall

Subject: FOIA Ref. No. S9H: SSA-2017-001087 - Proofs of Death (1 of 2)

Dear Ms. Chyn:

This responds to your April 11, 2018 letter requesting proofs of death for 117 individuals relating to the above-referenced FOIA request. Attached are three files containing screen prints including dates of death from the Medicare Common Working File (CWF) for 116 of the 117 individuals requested. The password for these files will be sent through a separate email. The dates of death from the CWF are findings or reports of death made by the U.S. Department of Health & Human Services as authorized or required in connection with its administration of the Medicare program.

Thank you for your attention to this matter.

Sincerely,

Mike McDougall
