Greetings,

I wanted to check on the status of our appeal request (Appeal #2019-ICAP- 00085; FOIA Case # 2018-ICFO-45230), and the estimated date of completion for the request.

My last contact with the ICE-FOIA office on this request, on March 19, stated that appropriate components of the agency had been queried, and any responsive records were being reviewed.

Thank you,
Jake

Greetings,

This message is inaccurate. The FOIA request was appealed, and the appeal was granted. The appeal number is clearly listed in my initial email. I have been attempting to get an estimated date of completion of this request for several months. The initial FOIA request was filed a year ago and we are still waiting for the results of a query of ERO.

I would appreciate a prompt response.
