This is a request under the Freedom of Information Act.

One of our attorneys, Caroline Colpoys, Vinson & Elkins LLP, on January 25TH 2019, participated in a conference call with Jennifer Claypool, the Staff Attorney of the Procurement Law Group, her colleague Laura Brown, and the Executive Deputy Chief Procurement Officer of the VA, Ricky L. Lemmon to discuss the investigation into Perioperative Services and Logistics. The investigation was prompted by a claim from an unaffiliated implant center that stated that they had received a fake knee implant from Perioperative Services and Logistics. I request that you submit a copy of the email document from the unaffiliated implant center that contains the claimant's statement, to include the name of the claimant's organization and associated parties identified in the email. Additionally, I request any further communication that was had with the unaffiliated implant center, if written communication, via email was not the form of communication, I request a summary of conversations with the unaffiliated implant center, the summary should include, name of the organizations, name of parties from the claimant and the Veterans Affairs, date, time and any specific details concerning Perioperative Services and Logistics.

I am willing to pay the \$500.00 for the processing of my request. Please notify me if you estimate the fees to exceed this amount. We ask this request be expedited, due to the accusations by the claimants that a crime was committed and the damage to Perioperative Services and Logistics' reputation.

If you have any question please feel free to contact me directly via email, shawn.martin@periopsvcslogistics.com or phone, 804.415.7610.

Sincerely,

Shawn Martin
