RE:

Dear Mr. Bednarek and Mr. Berghahn

I am writing to inform you that Dr. Barbara L. Knox, MD, is currently on administrative leave from her position in the University of Wisconsin School of Medicine and Public Health's Department of Pediatrics. My understanding is that the university is investigating concerns that Dr. Knox does not timely complete work and also complaints about her behavior with internal and external colleagues, but nothing that would rise to the level of criminal or harassing behavior. I have been in contact with the University of Wisconsin-Madison Office of Legal Affairs as well as the Department of Pediatrics. I have asked both entities to alert me if they become aware of any issues related to dishonesty or to incorrect medical diagnoses.

Sincerely,

Matthew Moeser
