Sir,

The CMS process for documents of this nature are not within our authority to release and our office will in turn provide your documents to our Baltimore FOIA office for our FOIA officer to review and conduct a disclosure review.

The MAC only sends the information to me to transfer to our Baltimore FOIA officer. I am not holding up your request, I have been on travel and yesterday was my first day back in the office and as soon as I am able to submit your documents to our FOIA officer, I will.

I apologize for any inconvenience this may cause, but I am working as quickly as possible to address all FOIA request submitted to my office.

Thank you,

Ms. Mott,

Please see attached the response that we received from Palmetto GBA to a request for documents that are discoverable under the Medicare Appeals Manual and available pursuant to the Freedom of Information Act. As you will see from my original request to Palmetto, and follow up emails, we are attempting to obtain documentation, or prove the lack thereof, related to a review of claims purportedly performed by SafeGuard

Services.

If possible, I would like to schedule a phone call to discuss to avoid the need for litigation. Please advise if we can schedule a call prior to Friday, November 22, to discuss.

Thank you for attention to this matter.
