Mr. Ozaeta,

I apologize you haven't received an update from our FOIA Office. I included this request in a list of FOIA requests in the process of searching for records. I believe I will hear back from the subject matter experts this week regarding "Disposal of Coal Combustion Residuals from Electric Utilities Rule", please bear with us. This is a FOIA I've had my eyes set on as I believe we'll have records soon to review.

Thank you for your interest in the EPA. You may contact me at 202-564-0619 if you have any further questions regarding this FOIA or other FOIAs submitted to our Agency. Thank you,

Ana

Hi Ana,

Is there any update on FOIA request EPA-HQ-2019-001329? I don't believe I have received any communication from EPA since this email and your voicemail shortly after. I have been in contact with the Office of Water regarding request EPA-HQ-2019-001328, but have had no contact with EPA regarding request EPA-HQ-2019-001329 so an update would be much appreciated. Feel free to give me a call if that works better for you.

Thanks,

Dear Mr. Mychal Ozaeta:

Thank you for your November 09, 2018 FOIA request numbers EPA-HQ-2019-001329 & EPA-HQ-2019-001328.

In recent years the Office of the Administrator has experienced a substantial increase in the volume and complexity of FOIA requests. The increase created a significant backlog in FOIA processing. This e-mail is to confirm your request is in the search phase of processing.

Please contact me at (202) 564-0619 if you have any questions related to this request. Thank you again for your time and interest in the U.S. Environmental Protection Agency.
