Thom,

My apologies for just responding. Here is an update on the release of the records. Back in late November, I cleared a batch of records from Administrator Wheeler, Administrator Pruitt, Ryan Jackson, Peter Wright, Steven Cook and Barry Breen. They were then sent out for a review. However while I was on international leave, a snag hit in the process that I was unaware of and the documents as you know were not released. I did not know of this until I saw your most recent email. I have been working for the past two days to resolve this issue and hope to have that batch of documents released shortly. As soon as I have more concrete information, I will update you.

Again, apologies for the delay,
Richard
