Good afternoon,

First let me apologize for the delay in responding to your request. As I understand your requests are in the queue for an eDiscovery search.

Unfortunately, the FOIA Branch does not maintain that tool or know what the schedule of the other searches are that have come in before your requests.

The FOIA Branch have to ensure that an adequate search is conducted for responsive records in response to your FOIA requests. In this case, it would be eDiscovery.

If you would like to check in with Howard to find out where your requests are in the queue he can provide you that information.

If you need further assistance, please feel free to give me a call.

Thank you.

Deborah R. Snowden

Deputy Chief FOIA Officer

Office of the Executive Secretariat

202-402-7606

Subject: Re: Interim Partial Request for Response to FOIA Requests

Howard:

I'm writing to follow up on my email from Friday, November 8, and my follow-up email from Monday, December 2, detailing our interim partial request for response to our outstanding FOIA requests.

It has now been 40 days since we submitted our interim partial request for production of responsive documents. During that time, we have not heard from you to acknowledge our interim request or received any responsive documents.

Do you have any additional information for us regarding the status of the interim partial request?

I've attached the request once again, for your reference.

Thank you,
Heather
