Dear John,

I am following up on the below email to ensure you received our modified request. Since we are interested in one set of statistics most immediately, we wanted to check on the possibility of receiving this first. We believe

this might also be the easiest for you to retrieve, at least based on the information we received from the Civil Division. As such, could you please send us the following information at your earliest convenience?

The number of criminal denaturalization cases filed from 1948-2018, disaggregated by year, for individuals who had successfully procured citizenship for oneself (excluding attempt or procuring naturalization for another person); *[note: if records do not exist from this early, please include the data from when records were kept...civil has from the 1970s]*

- a. The corresponding number that resulted in conviction;

Thank you in advance and if you could please verify that you received this email it would be much appreciated.

Kind regards,
Natasha

Dear Mr. Kornmeier,

I am following up on the below and the voicemail you left with my colleague, Laura Bingham, regarding our FOIA request. I left you a voicemail and as mentioned wanted to clarify further by email. I have attached documents we received from DOJ Civil in hopes that we could receive similar documents from EOUSA. Again, we remain interested in modifying our request as explained below, as well as receiving information on the nationality of defendants as reflected in the attached documents.

Thanks kindly and have a wonderful weekend,
Natasha
