FOIA File: DOT/OST 2019-0030; American Oversight #- DOT 18-0673; *American Oversight v. U.S. Department of Transportation (19-1752)*

Dear Ms. Evers:

This is an interim response to your Freedom of Information Act (FOIA) request dated October 17, 2018. You requested the calendars of the following individuals:

- Secretary Elaine Chao (April 1, 2018, through the date of the search)
- Deputy Secretary Jeff Rosen (April 1, 2018, through the date of the search)
- Chief of Staff Geoff Burr (April 1, 2018, through the date of the search)
- Doug Simon
- Tamara Somerville
- Allison Moore

Enclosed are detailed calendars for Allison Moore for the time period of April 2018 through her departure in December 2018. Also included are the full set of calendars for Tamara Somerville for the time period of March 2017 through the search date of August 2019.

The enclosed calendars are in a “full details” format that includes the names of meeting invitees,¹ notes, and titles of any meeting attachments.

Please note that certain information has been withheld pursuant to FOIA Exemption 6. 5 U.S.C. § 552(b)(6) and 49 CFR. 7.23(c)(6). Examples of information withheld under Exemption 6 include staff leave and personal reminders, names of individuals being interviewed for jobs, certain telephone numbers, and other appointments of a purely personal nature.

¹ Please note that where calendar entries indicate that a person’s attendance is “required,” it does not necessarily mean that the person attended the meeting. In addition, calendar entries may not reflect possible last minute changes to meetings or schedules.

Additional redactions have been made pursuant to FOIA Exemption 5. 5 U.S.C. § 552(b)(5) and 49 CFR 7.23(c)(5). Information withheld under Exemption 5 includes titles or portions or titles of meetings where even release of the title of the meeting would harm the agency's deliberative process.

Sincerely,

MICHAEL

CHARLES BELL

Subject DOT Grants Overview and EAS Briefing
 I think these may stay where they are now.

Grants Overview and EAS Briefing are scheduled Monday. I'll need to have some briefing material to include in her book this evening. I think at least a summary / read ahead type memo for each. Understand if you have other materials you need to work on further, but think she needs to have something so she can go in knowing what the key points and topics will be.

I'm going to put 3pm on the invite, but if it's later, that's ok, just let me know.

Thank you,
 Owen

Subject FW: Update: CONFIRMED: Meeting Held at DOT- Technology Briefing with Trimble
Location ConfRm-HQ-W82-302 (OST)

Hey everyone,

We have a technology company, Trimble, coming in at 10am today to demonstrate some infrastructure technology. They initially met with the Secretary in Beaumont, and we took a follow-up meeting with them. They requested the opportunity to update all of us, and we set something up for today.

Now, Kopko, James Owens and I will be going to the Safety Council meeting all morning. I may be able to jump in at the beginning of this. But, otherwise, there aren't many people left.

If you have any interest and time today, please come by the Assistant

Secretary for Policy's conference room (ConfRm-HQ-W82-302 (OST))
at 10 today, or stop by between 10 and 11.

Thank you,
Finch

Thank you again for making time to meet with Trimble CEO Steve Berglund last month. As we mentioned at the close of the meeting, we had been invited by the Senate Environment and Public Works Committee to conduct a briefing on the latest infrastructure technology and how it makes construction times more reliable, greatly reduces building costs and saves on maintenance expenses. This briefing and demonstration, which will include 5 senior Trimble technologists and executives from 3 construction companies that have used the technology, will take place on the afternoon of April 28. We would very much like the opportunity to conduct the same demonstration for you folks and any other interested colleagues at the Department some time on the morning of April 28.

Subject Meeting w/Federal City Council
Location S2 Conference Room (1200 New Jersey Ave, SE)

As I mentioned when we spoke, the Federal City Council, a DC based non-profit led by former Mayor Anthony Williams, would like to request a meeting with Deputy Secretary Rosen to provide him with a briefing on it's WMATA/Metro Reform proposal.

By way of background, Federal City Council has been leading an effort in the region to reform WMATA's governing structure, funding regime, and operations. Federal City Council has proposed a specific set of reforms around these three key issues, and is working with other stakeholders to urge the signatories of WMATA's governing Compact (ie, the states of VA and Maryland, the District of Columbia, and the federal government) to take action on these reforms.

Earlier this spring, leadership from the Federal City Council, met with Secretary Chao to discuss its Metro reform proposals. Subsequent to that meeting, Emeka Moneme, the Deputy Executive Director of Federal City Council (whom I've cc'ed on this email), has been in contact with Jim Ray and others from the Secretary's Office, to keep them abreast of our efforts. And more recently, on June 22nd, Federal City Council, along with 20 other DC regional business organizations, sent the attached letter to Mayor Bowser, Governor Hogan, Governor McAuliffe, and Secretary Chao, expressing the business communities shared vision of reform and urging the signatories to take action. You

can also find a copy of the letter along with other information regarding Federal City Council's Metro Reform proposal on its website at:

<http://www.federalcitycouncil.org/fc2s-position-metro-reform>

We anticipate that efforts to reform WMATA/Metro will ramp up in the coming weeks and months, therefore, Federal City Council would like to brief the Deputy Secretary on its reform proposals and discuss ways in which they can work collaboratively with the Administration on this important initiative.

If possible, Federal City Council would like to schedule the meeting sometime over the course of the next month and a half (ie, before the end of August). Participating in the meeting from Federal City Council would be:

Ed Walter, Chairman

Mayor Anthony Williams, CEO and Executive Director

Emeka Moneme, Deputy Executive Director

If you or the Deputy Secretary's team need any additional information, please don't hesitate to contact me.

Thanks again for returning my call.

I look forward to hearing from you.

Hey folks,

I am hoping to get us together to discuss the infrastructure booklet tomorrow. Marianne provided some feedback both on the graphics and the overall workstream.

Please let me know if you will not be able to attend, but wanted to sit down and discuss the early draft (attached) and get feedback from folks. I sent this late last week but resending.

Thank you very much.

Subject Transportation Speaker Series feat. Ron Utt and Veronique de Rugy
Location Lincoln Room, 9th floor
Update: attaching the agenda

~~~~

All DOT non-careers are invited to an off-the-record panel discussion next week Thursday (Aug 24) at 11am, tentatively in the Lincoln Room.

Our panelists will be two external policy experts, Ron Utt and Veronique de Rugy (bios for each below). The topic is transportation policy, with an emphasis on infrastructure. We will issue an agenda for the panel prior to the event.

Going forward, we hope to arrange such speaking events on a roughly bimonthly basis.

Disclaimer: this is an educational event. The views of our speakers will not necessarily align with the policies endorsed by the Department, and no specific endorsement of those views should be construed.

#### Bio for Ron Utt

Ronald Utt is an independent economic consultant and the author of a recently published book on the War of 1812 - Ships of Oak, Guns of Iron: The War of 1812 and the Forging of the American Navy.

Previously Dr. Utt was the Herbert and Joyce Morgan Senior Research Fellow at The Heritage Foundation where he wrote on housing, transportation, privatization, urban revitalization, land use, and growth management. In the 1970s, he was Director of the Housing Finance Division at HUD. In 1987, President Ronald Reagan appointed him to lead his efforts on privatization of federal activities.

He also served As Executive Vice President of the National Chamber Foundation where he created the Journal of Economic Growth, and the Journal of Regulation and Social Costs. In the early 1990s he served as an economic consultant to governments in Russia, Bulgaria, Romania, Latvia, Lithuanian, Estonia and Slovakia. He is editor of the books 21st Century Highways, How Privatization Can Solve America's Infrastructure Crisis, and A Guide to Smart Growth: Shattering Myths, Providing Solutions.

Utt holds a doctorate in economics from Indiana University and a bachelor's degree in business administration from Penn State University.

She has testified numerous times in front of Congress on the effects of fiscal stimulus, debt and deficits, and regulation on the economy.

De Rugy is the author of a weekly opinion column for the Creators Syndicate, writes regular columns for Reason magazine, and she blogs about economics at National Review Online's the Corner. Her charts, articles, and commentary have been featured in a wide range of media outlets, including the Reality Check segment on Bloomberg Television's Street Smart, the New York Times' Room for Debate, the Washington Post, the Wall Street Journal, CNN International, Stossel,

20/20, C-SPAN's Washington Journal, and Fox News. In 2015, she was named in Politico Magazine's Guide to the Top 50 thinkers, doers and visionaries transforming American Politics.

Subject: RE: POC for Dep Sec Rosen mtg requests

Rita,

On behalf of the American Public Transportation Association (APTA), American Short Line and Regional Railroad Association (ASLRRA) and the National Railroad Construction and Maintenance Association (NRC), we respectfully would like to request a meeting with Deputy Secretary Rosen to discuss USDOT's regulatory reform efforts, especially as it pertains to the recent comments that were solicited in the Federal Register. See attached for our joint comments that we submitted re 49 CFR 243. We would welcome the opportunity to discuss these comments further with Dep. Sec. Rosen.

We are available to meet on the following days and we will endeavor to make any available time work on these days since I'm sure his schedule is very busy:

8/28  
8/29  
8/30  
8/31  
9/11

Thanks,  
Matt

**Location** Lincoln Room (9th floor)  
Refreshing on this invite for next week.

The next edition of the Transportation Speaker Series will be held on Tuesday, October 24, from 11am to noon. All non-careers are invited to attend, and we will again gather on the 9th floor, in the Lincoln Room.

Our guest speakers for this off-the-record panel discussion will be Randal O’Toole and Alan Pisarski (bios below).

**Topics**

- infrastructure finance
- transit policy, particularly bus vs rail travel
- transportation policy and planning

**Disclaimer**

This is an educational event. The views of our speakers will not necessarily align with the policies endorsed by the Department, and no specific endorsement of those views should be construed.

**Bios**

Randal O’Toole is a senior fellow with the Cato Institute specializing in land-use and transportation policy. He has written five books, including *Gridlock: Why We’re Stuck in Traffic and What to Do About It*, and numerous papers on highways, transit, Amtrak, and related issues. Prior to working for Cato, he taught environmental economics at Yale, University of California Berkeley, and Utah State University. He is a full-time resident of Oregon and only comes to Washington DC when he absolutely has to.

Alan E. Pisarski led the U.S. Department of Transportation’s Policy

Information Program serving the Secretarial Officers in DOT's formative years. Many of the programs he initiated are ongoing today. He has represented the US in statistical program matters at the UN, OECD, NAFTA, and other international agencies.

His national series Commuting in America has been published since the 80's. His Bottom Line series on National Investment Requirements for the Congress has been produced for AASHTO for each Surface Transportation reauthorization since 1988. He has testified before Congress frequently, and participated in every major national transportation policy document since DOT's creation. He served in the Policy and Transition teams of Ronald Reagan, George W Bush, and Donald Trump. He was named by the American Road and Transportation Builders Association as one of the top 100 in the field in the 20th century.

Bio for Mike Gallagher (online here <<http://www.theesa.com/wp-content/uploads/2017/07/Michael-Gallagher.pdf>>)

Michael (Mike) D. Gallagher is president and CEO of the Entertainment Software Association (ESA), the trade association representing U.S. computer and video game publishers.

Mr. Gallagher joined ESA in 2007. Under his leadership, the association is transforming the perception of video games by demonstrating the influence of entertainment software on areas of daily life such as education, health, and the workplace. In particular, ESA has heightened awareness and appreciation of the value of video games as next generation teaching tools, and their increasing impact on classroom learning. Mr. Gallagher's accomplishments include ESA's co-founding of the Games, Learning and Assessment Lab (GlassLab) – a ground-breaking collaboration among ESA, Institute of Play, Electronic Arts, Educational Testing Service, Pearson's Center for Digital Data, Analytics & Adaptive Learning as well as The Bill and Melinda Gates Foundation and The John D. and Catherine T. MacArthur Foundation – to research and develop digital game-based learning and assessment tools. In addition, he spearheaded ESA's involvement in the Active Play Presidential Active Lifestyle Award (PALA+) Challenge, a joint effort with the President's Council on Fitness, Sports & Nutrition that leverages active video games to encourage physical activity and good nutrition among America's youth.

Mr. Gallagher also manages ESA's outreach to federal and state government officials, helping to foster a vibrant operating environment for the video game industry and serving as the industry's voice on issues including intellectual property, content protection, and e-commerce. Additionally, he leads ESA's collaboration with the Congressional Caucus for Competitiveness in Entertainment Technology (E-TECH Caucus), which educates federal policymakers about the economic, educational, and social benefits of interactive entertainment technology.

In 2011, Mr. Gallagher spearheaded the video game industry's defense of its First Amendment rights in the Supreme Court case *Brown v. EMA/ESA*. The ruling struck down a 2005 California law that would have regulated the sale and rental of computer and video games based on their content, and affirmed that games are expressive works entitled to the same constitutional protections as other forms of art and entertainment.

Since joining ESA, Mr. Gallagher has continued to enhance the Electronic Entertainment Expo (E3), the premier global trade show for the computer and video games industry. Mr. Gallagher revitalized E3, greatly expanding the size of the show; reopening it to all video game industry professionals, investor analysts, journalists, and retailers; and adding new features such as an Online and Mobile Game Pavilion. E3 2013 drew more than 48,000 attendees from 102 countries.

Mr. Gallagher frequently appears as the public face of the industry and regularly serves as an expert resource for major media outlets, including CNN, Associated Press, The New York Times, The Washington Post, The Wall Street Journal, C-SPAN's "The Communicators," NBC News, and CBS News. He has spoken at numerous events and forums such as the Aspen Ideas Festival, the

Washington Ideas Forum, The Media Institute's Communications Forum, and Games for Change.

Under Mr. Gallagher's leadership, ESA has won numerous awards for their communications efforts. In 2013, ESA received Bulldog Reporter's Gold Award for Best Use of Digital/Social in an Arts/Culture/Entertainment Campaign for the association's digital and social media outreach around E3 2013 and the next generation console reveals. In 2012, ESA received the Public Relations Society of America - National Capital Chapter's Thoth Award for Issues Management in recognition of ESA's public relations work around Brown v. EMA/ESA.

Mr. Gallagher has also been instrumental in the growth of the Entertainment Software Association Foundation (ESAF), the video game industry's philanthropic arm. Since its inception, ESAF has raised more than \$12 million to provide scholarships to women and minority students pursuing game-related degrees, and award grants to educators and nonprofit organizations that leverage entertainment software to create positive social impact in our communities. ESAF also partners with Children's Miracle Network Hospitals (CMN Hospitals) to host Extra Life, a 24-hour video game marathon that raises funds for medical equipment, treatment, and research at CMN Hospitals. In 2013, Extra Life raised a record \$4.1 million – more than its total fundraising for the previous five years.

Previously, Mr. Gallagher was the U.S. Department of Commerce's Assistant Secretary for Communications & Information, serving as chief telecommunications and Internet policy advisor. During his tenure at the Department of Commerce, he led successful efforts to pave the way for spectrum based technologies and services, and developed and successfully advocated the U.S. government's policies on international Internet governance. Mr. Gallagher also served as Communications Practice chair at leading international law firm Perkins Coie, during which time he co-authored, "21st Century Communications Systems for First Responders: The Right Call," which offered spectrum policy recommendations and championed the private sector's role in enhancing our nation's public safety communications infrastructure.

Several organizations recognized Mr. Gallagher's leadership in telecommunications and technology issues. He received the Telecommunications Industry Association's "Spirit of Innovation" award in 2005 and the Wireless Communications Association's "Leadership in Government" award in 2006. He was also recognized by former Secretary of Commerce Carlos Gutierrez in 2006 for his distinguished leadership in government service.

Mr. Gallagher holds degrees in Economics and Political Science from the University of California, Berkeley and a Juris Doctor from the University of California, Los Angeles. He serves on the Advisory Board for the Guildhall at Southern Methodist University and Spectrum Bridge, Inc. Mr. Gallagher also serves on the Boards of Directors for

the Academy of Interactive Arts & Sciences and the Publishing Advisory Board of Sesame Street.

Subject: Update on potential lapse

TO NON-CAREER STAFF ONLY: Please disregard any furlough notices

you may have received. All determinations regarding noncareer exempted employees will be communicated on Monday. Thank you.

Dear Non-career Colleagues,

As we continue to stay hopeful that an agreement can be reached to continue funding the government beyond midnight tonight, we recognize that a lapse remains a very real possibility. If an agreement is not reached tonight or over the weekend, please plan to meet at 9 a.m. on Monday morning in the Lincoln Conference Room, where we will provide further guidance.

Thank you for your patience and understanding.

Subject National Bike to Work Day 2018
Location Work

National Bike Month – May – includes lots of events in communities nationwide — but the biggest day of the month is Bike to Work Day. In 2018, National Bike to Work Day will be May 18. We’re hoping for good weather, and that you’ll join us in biking to work on May 18, 2018.

40% of all trips in the U.S. are less than two miles, making bicycling a feasible and fun way to get to work. With increased interest in healthy, sustainable and economic transportation options, it’s not surprising that, from 2000 to 2013, the number of bicycle commuters

in the U.S. grew by more than 62%. More info:

 Colleagues, I am pleased to invite the non-career team to a meeting next week Thursday, June 14 from 130-230pm with J.D. Vance, author of Hillbilly Elegy. This will be a very neat and topical event and I hope to see you there.

The meeting will be held in the Executive Dining Room (EDR), on the 9th floor of the West building. You will also be receiving a calendar invite for this event.

One additional item. While the meeting is optional, for those attending, punctuality will be strongly recommended and appreciated. You may wish to aim for a 1:15pm arrival.

Please let me know if I can answer any questions about this.

Great. Can we say next Thursday (8/16/2018) at 2 p.m., then? I doubt it will take long.

That makes perfect sense, James. Thanks for the clarification.

I think a brief meeting next Thursday to discuss this, and any other, issue that is unclear will be very beneficial for speechwriting. Do you have availability? Also, still hoping to have you join, Christina.
